

The
natural & organic
choice for your baby.

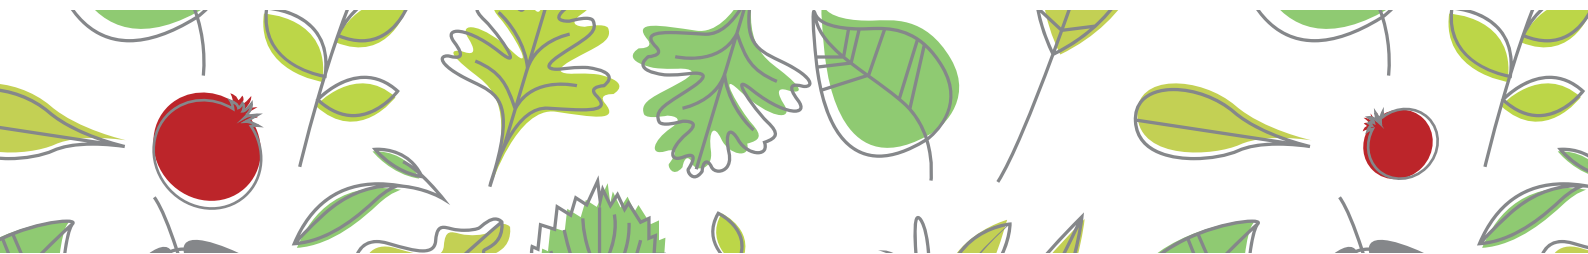

pombaby
natural & organic

pom**baby** Natural and Organic products contains oils derived from real pomegranates that have hydrating properties providing moisture and protection for babies.

With babies skin being 30% thinner than adults, chemicals and parabens easily pass through the skin leading to aggravated skin conditions. The pom**baby** range is free from chemicals and Parabens and our formulations of derived from Natural & Organic sources.

Our products contain a combination of Organic oils, all which have properties that are extremely beneficial to the skin.
