

# THE HERB GARDEN GIN

## 100% NATURAL, HAND-CRAFTED, SMALL BATCH, AWARD-WINNING SCOTTISH GIN

Hamish Martin, a former wine merchant, began to pursue his lifelong passion for plants by gaining a Herbiology Diploma.

After the transformation of an overgrown seven acre lowland site on the outskirts of Edinburgh at the foot of the Pentland Hills, The Secret Herb Garden & Old Curiosity Distillery opened its doors to the public.

Today we are an award-winning herb nursery and distillery with over 600 naturally grown and tended varieties of herbs and flowers.

As well as providing Edinburgh's top restaurants with unique natural ingredients, our herbs and flowers are also used to create many natural products - although The Secret Herb Garden remains most renowned for its critically acclaimed, multi-award winning collection of premium, 100% natural, hand crafted gins.

Our collection of hand-crafted gins are now stocked by the UK's most prestigious retailers, including **Harrods**, **Fortnum & Mason** and **Harvey Nichols** as well as being exported to some 12 countries around the world.

### GROWN WITH PASSION

We grow over 600 different varieties of herbs, naturally and completely chemical free.

### HARVESTED WITH TENDERNESS

We hand pick all of the flowers and herbs for drying and to make our single plant distillate.

### DRIED TO PERFECTION

We gently lay the destemmed petals on trays in our drying room along with the herbs.

### DISTILLED TO PURITY

We blend our base gin of Juniper, Coriander, Angelica Root & Winter Savory with our single plant distillate, which is then infused on petals to intensify the flavour and colour.

### BOTTLED TO DELIVER THE PURE ESSENCE OF NATURE

We bottle and label everything on site. Crafted to deliver the pure essence of nature.
