

Esker Spirits

Information Pack

2020

Quick facts:

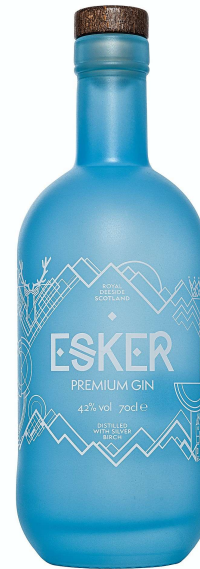

- Established 2015
- Only Scottish Gin Distilled with Silver Birch Sap
- 20 major taste awards (including IWSC & Great Taste)
- First gin distillery in Aberdeenshire
- Comprehensive distribution network
- SALSA approved
- Over 125,000 bottles per annum production capacity
- Zero Waste policy and return-bottle scheme

Our Gins:

- **Esker Gin** - over a dozen botanicals give Esker its unique depth of flavour. The key botanical is silver birch sap from the trees of the beautiful Kincardine Estate. Sap adds a hint of sweetness and complements the other flavours.
- **Esker Honey Spiced Gin** – with Esker Gin as its base, Honey Spiced is enhanced by extra spices and honey which provides a subtle sweetness.
- **Silverglas London Dry** - a light, refreshing gin. In addition to the core Esker botanicals, there are also notes of mint and citrus.
- **Silverglas Scottish Raspberry** - a beautiful blush pink gin, flavoured with sweet and juicy Aberdeenshire raspberries.
- **Silverglas Valencian Orange** - this refreshing citrus gin is full of the taste of the fresh oranges it is distilled with. Serve over ice with a classic tonic and citrus garnish.

*To firmly establish our brand family, Esker Honey Spiced will become Esker Gold and the Silverglas gins will be rebranded as Esker gins in September 2020

Our Vodkas:

- **Esker Scottish Raspberry Vodka** - Scottish raspberries are iconic - nothing says 'summer' more than sweet, juicy raspberries, fresh from the field.
- **Esker Orange & Pomegranate Vodka** - The soft pomegranate flavour counters the sharp citrus to create a mouthwatering vodka.

Award-winning Quality

Esker Gin

Esker Honey Spiced Gin

Silverglas Gin

SALSA Approved Distillery

- First approval gained January 2018, successfully renewed in 2019 & 2020.
- Our own distillery which means
