Product Brochure

We are Valeo Confectionery

Valeo Confectionery has been founded following the merge of Tangerine Confectionery and Big Bear Confectionery businesses, part of the Valeo Foods Group. Valeo Confectionery is an international supplier and the **leading UK manufacturer** of sugar confectionery, offering contracts, private label and branded products. We are home to many of the UK's favourite sweets and brands such as Anglo Bubbly, Taveners, Barratt, Fox's, Poppets and many more. With hundreds of years of heritage and six busy factories, we work tirelessly around the clock to deliver the very best confectionery with a combination of both traditional manufacturing methods and state-of-the-art operations.

A bit of Background

The lower the
better, right?
Well, with sugar yes but
flavour, definitely NO!
That's why our peachy
pineapple smoothies and
cherry fizzies are made
with a splash of
fruit juice.

Incredibly juicy and
mouth-wateringly
moreish, it's all
the flavour
with a little
less guilt.

“Enjoy a **trip down memory lane** with all the **old favourites in one irresistible range**. Made with natural colours and flavours, this collection **combines the tradition of yesteryear with the goodness of today**”.

“The origins of the company **date back to 1904** when William Henry Taveners, having completed his apprenticeship as a grocer, set up a business in **Liverpool** manufacturing pickles and sauces which he sold to local shopkeepers.

“He was also producing **boiled sweets packed in green glass bottles** with ground glass stoppers which sold at

four ounces for a penny. **The Taveners brand has been used across the decades for a wide range of traditional sweets, from caramels & toffees to fruit-based gums & high boil sweets**. Our traditional quality British sweets are made in the UK using only natural colours and flavours to create a **great range of authentic tasting sweets**”.

MEMORY LANE

Taveners classic British sweets are available in a wide range of consumer friendly formats, including bags, cartons, jars and tins.
