Bell English

Bell is a high-quality educational organisation, which has been providing unforgettable learning experiences to students and teachers from around the world for more than 65 years. We specialise in Adult ELT, Young Learners, University Foundation Programmes and Teacher Training and Development. In the last ten years, we have taught more than 100,000 students from over 90 countries at our centres in the UK.

Bell was founded by Frank Bell, a University of Cambridge graduate with a love of languages and a powerful vision. Frank's inspiration came from his time as a prisoner-of-war during the Second World War. After the war, Frank Bell returned to England. Reflecting on his experiences, he realised that the route to international co-operation and understanding lay in learning. This led him to open his first language school in Cambridge, which still operates today. Since then, Bell has grown from one prestigious English language school in Cambridge to an internationally recognised, high-quality education business with a year-round adult school in London, as well as a year-round Young Learner Centre in St Albans.
