

# UK Chemical Industry Capacity Catalogue

## 英国化工行业概览

April 2026

# 欢迎来到 世界上最大的化工产品生产国之一——英国

## 对英国经济的重要贡献者:

- 增加值总额超过 304 亿英镑，营业额达到 620 亿英镑；
- 为英国 65.4 万人提供直接和间接就业；
- 占出口额 600 亿英镑。

## 化工行业是制造业的核心:

- 化学工业是英国出口的主要来源，占英国公司出口商品的 15.8%。
- 英国化学工业为全球各行业和消费者供应 95,000 多种化学品和化学产品。

## 自然创新者:

- 研发支出超过 54 亿英镑，占英国总研发支出的 20% 以上。
- 能够提供氢经济和碳捕集、利用与封存（以下简称 CCUS）等脱碳技术。

## 英国化学品制造能力

### 基础化学品及聚合物

英国拥有本土的盐源，英力士集团在英格兰西北部经营着一家世界级规模的氯碱工厂。当前，英国在工程聚合物方面（包括聚乙烯、聚丙烯、聚氯乙烯及高性能聚合物）极具竞争优势，并且也是世界领先的聚醚醚酮的制造中心。

### 特种化学品

凭借着能够大规模、安全地设计和制造复杂分子，英国成为了汽车、航空航天、食品、化妆品、农业、制造业和纺织业等行业值得信赖的合作伙伴。该行业在英国拥有 250 多家企业，是英国先进制造业和建筑业的创新领导者。

凭借着特种化学品在学术界和科学界已奠定的实力优势，高附加值特种化学品的生产是英国化工行业持续取得成功的关键。我们的产品为国内外众多行业提供支持，包括制药、化妆品和个人护理产品、农用化学品、水处理、石油和天然气、合同制造、电子产品和电池制造等。

### 消费化学品

英国除了是传统和新型的卫生清洁用品的配方师之家，而且还是香料和香精运营商 RC Treatt PLC 以及 Givaudan、Proctor & Gamble 和 Symrise 的所在地。

英国是个人护理、家居护理、杀菌等领域的领先者，可以在共创低碳、高性能配方、香氛研发、数字化调香、可再生碳制品等领域赋能中国企业。

### 便利地获取原材料

乙烯通过互连的乙烯管道遍布英国的 4 个化工集群。来自西北部的盐是氯碱化学品产品的起点。

### 农用化学品

英国生产的农用化学品范围广泛，从传统的硝酸铵化肥和配方（以及配套的氨厂），到一系列先进的作物保护化学品，包括新型海藻酸盐和钾肥、杂卤石等矿产品。

### 绿色转型

英国处于新型创新电池技术和储能系统及应用的前沿，《英国电池战略》提出到 2030 年打造具全球竞争力的电池供应链与“设计-制造-可持续”全链条能力。在引领全球从化石燃料向低碳氢转变方面处于理想地位。为了更快地扩大氢能行业，英国也在支持蓝氢和绿氢的生产。

欢迎打开这本手册，并随时加入到这个充满创造性的生态系统！

# 欢迎与我们联系!

# Accelerated Materials Ltd

 [www.acceleratedmaterials.co](http://www.acceleratedmaterials.co)

At Accelerated Materials (AM), we empower innovation by partnering with manufactures to enable the scalable production of advanced nanomaterials through cutting-edge technology. Spun out of the University of Cambridge, our platform combines continuous-flow reactors, AI-driven automation, and materials expertise to deliver unparalleled precision, flexibility, and efficiency in nanomaterials manufacturing.

Our solution consists of Our K-Series Reactors allow seamless scale-up of nanomaterial and chemical production from laboratory to industrial manufacturing, ensuring precision, efficiency, and reproducibility at every stage. Combined with AM Learn, our no-code automation and AI-driven software lets researchers and engineers design experiments, optimise reactions, and reduce time-to-discovery. AM Learn is fully integrated with the K-Series for complete process control and optimisation, but is also available as a standalone solution, empowering faster breakthroughs from concept to production.

In addition, we offer materials supply services, working directly with our team of PhD scientists and engineers to maximise the value of our platform. Through our on-demand customer services, we can produce your desired nanomaterials and provide training, implementation, and process optimisation to enhance your R&D outcomes.

Our technologies serve a wide range of industries, including:

- Electronics – Sensors, solar cells, and displays
- Pharmaceuticals – Process optimisation and crystallisation
- Coatings – UV blocking and antimicrobial applications
- Semiconductors – Packaging and thermal stability
- Energy Storage – Electric batteries and next-generation power solutions

威在 (AM)，我们通过与制造商合作，利用尖端技术赋能创新，实现先进纳米材料的可扩展生产。我们的平台源于剑桥大学，结合了连续流反应器、人工智能驱动的自动化和材料专业知识，以在纳米材料制造中提供无与伦比的精度、灵活性和效率。

我们的解决方案由K系列反应器组成，能够实现纳米材料和化学品生产从实验室到工业制造的无缝扩展（从每日量产1公斤直到100公斤），确保每个阶段的精准、生产爬坡效率和可重复性。结合AMLearn，我们的无代码自动化和人工智能驱动的软件使研究人员和工程师能够迅速设计实验（DOE）、优化反应和缩短发现时间。AMLearn与K系列完全集成，不但实现了全面的一体化过程控制和优化功能，但也可作为独立解决方案使用，推动从概念到实际生产的更快突破性。

此外，我们还提供材料供应服务，直接与我们的博士科学家和工程师团队合作，以最大化我们平台的价值。通过我们的按需客户服务，我们可以生产您所需的纳米材料，并提供培训、实施和工艺优化，以提高您的研发成果。我们的技术服务于多个行业，包括：

- 电子 - 传感器、太阳能电池和显示器
- 药剂业 - 工艺优化和结晶
- 涂料和涂层业 - UV阻挡和抗微生物应用
- 科技半导体 - 封装和热稳定性
- 能源存储 - 电池和下一代电力解决方案

# Bromoco

 [www.touchantimicrobial.com](http://www.touchantimicrobial.com)

We are a specialised coatings company dedicated to developing and supplying advanced coating technologies to global markets. We are committed to promoting our TOUCH antimicrobial coating in China to help reduce the spread of COVID 19, as well as other bacteria and viruses.

More information about products can be found on our dedicated website: <https://www.touchantimicrobial.com/>

TOUCH can be applied to almost any soft or hard surface, with an expected lifespan of up to 10 years and a guaranteed performance up to 5 years. The coating is virtually invisible to the naked eye and has been tested in accordance with ISO standards, as detailed on our website. TOUCH is water based, non toxic, and safe for a wide range of applications.

我们是一家专业的涂料公司，为全球市场开发和供应尖端涂料。我们希望通过在中国推广我们的TOUCH抗菌涂层，以帮助对抗COVID和其他细菌和病毒的传播。

我们在此处有此产品的特定网站<https://www.touchantimicrobial.com/>

TOUCH几乎可以应用于任何软硬表面，预期寿命长达10年，保证至少5年TOUCH几乎是肉眼看不见的，并且已经按照ISO标准进行了测试，正如您从网站上看到的那样TOUCH是水基且无毒的。

SPRAY RESINS

# Creative Resins Distribution

 [www.sprayresins.com](http://www.sprayresins.com)

## SPRAY COATING SPECIALISTS

Creative Resins Distribution is a Worldwide company exporting to six continents from our headquarters and manufacturing facility in Kent, South East England. From here we have easy access to the UK's main airports and sea ports as well as the Channel Tunnel allowing accelerated travel to mainland Europe.

Our brand known as Spray Resins ensures our team are at the forefront of coloured glass technology. Offering first class products and a first class customer service, Spray Resins have gained a strong global client base and agent network, all who offer our latest products and technology to their local markets.

With over 30 years experience in the resin industry specialising in decorative glass coatings, Spray Resins are award winning manufacturers with universal awards for innovation, exportation and International Business.

Spray Resins are resin coating experts for decorative glass. Whilst the markets we supply to are quite diverse –we maintain the same core values – to supply the best possible products supported with the best customer service.

All of our products are made to the highest standards and come with full warranties and guarantees. They have been made to our unique formulation which have been tried and tested worldwide over many years not only making us the original resin manufacturers but the future of resin decorative glass.

From our original stained glass resins, Spray Resins have moved ahead of the times to offer resin coatings for coloured glass, resins to create mirror and surface resins for glass, aluminium, wood and Upvc. Wherever your main base, Spray Resins can get products to you through our specialised freight management system making coloured glass cost effective, easier to use and accessible to all. Fully trained in air and sea freight regulations we pride ourselves on quick shipping with no inconvenience to our customers.

## 喷涂专家

Creative Resins Distribution 是一家全球性公司，总部和生产基地位于英格兰东南部肯特郡，产品出口至六大洲。从肯特郡出发，可以更加便利地到达英国各大主要机场和港口，以及英吉利海峡隧道，从而使产品得以更快的运至欧洲大陆。

凭借品牌“Spray Resins”，我们屹立于彩色玻璃制作技术的前沿。Spray Resins 提供一流的产品、客户服务，建立起了强大的全球客户群和代理商网络，并通过他们，将我们的最新产品和技术引入各地市场。

深耕树脂行业三十余年，Spray Resins 专注于玻璃装饰涂料，在创新、出口和国际商务等方面屡获全球大奖。

Spray Resins 是玻璃装饰树脂涂料专家。尽管我们需要面对多种多样的市场，但我们始终秉持同样的核心价值观——提供最好的产品和最佳的客户服务。

我们按照最高标准生产产品，并提供全面的保修和担保证明。产品均基于独家配方——这些配方经过持续多年的调整，以及在全球范围内不断测试，不仅让我们成为源头树脂制造商，而且助力我们创造树脂装饰玻璃的未来。

从彩色玻璃树脂开始，Spray Resins 已陆续推出彩色玻璃树脂涂层，可打造镜面效果的树脂，以及可用于玻璃、铝、木材和UPVC的表面树脂等产品，领先于时代。通过我们的专业货运管理系统，Spray Resins 可以将产品运至全球各地，让彩色玻璃变得经济实惠、更方便使用，且触手可及。我们熟知空运、海运法规，为有能力提供快速运输服务，避免给客户带来任何不便而深感自豪。

# Eli-Chem Resins U.K Ltd

 [www.elichem.co.uk](http://www.elichem.co.uk)

We are a manufacturer and distributor of epoxy, polyurethane and polyester resins, eco resins and industrial resin systems and repair compounds.

We have built a solid worldwide distribution network specialising in general civil engineering, art resins, power generation and mining/quarrying markets.

We supply polymer solutions for repair and maintenance applications.

Our technology covers epoxy casting resins, polyester, polyurethane and optically clear casting resins, artwork resins and pigments, gravel bonding resins, doming resins, epoxy putties, epoxy adhesives, duct sealants, pipe repair kits and ceramic-epoxy coatings.

We have over 53 years industry experience solving problems in the toughest and most aggressive environments on earth.

Eli-Chem is the home of Eli-Flex Conveyor Belt and Rubber Repair resin.

## Our Green Credentials

Each time one of our customers buys one of our products, we will automatically purchase carbon offsets.

These purchases support environmental projects, like wind and solar farms that create clean energy, or protecting trees that would otherwise be cut down so that they can continue to absorb carbon from the air.

我们是环氧树脂、聚氨酯和聚酯树脂、环保树脂和工业树脂系统以及修补剂的制造商和经销商。

我们已经建立了一个稳健的全球分销网络，聚焦通用土木工程、艺术树脂、发电和采矿/采石市场。

我们针对维修、维护等应用场景提供聚合物解决方案。

我们的技术涵盖环氧浇注树脂，聚酯、聚氨酯和光学透明浇注树脂，艺术树脂和颜料，砾石粘合树脂，表面涂层树脂（圆顶树脂），环氧腻子，环氧胶粘剂，管道密封剂，管道维修工具包和陶瓷-环氧涂料。

我们拥有超过53年的行业经验，能够应对在最恶劣、最具侵蚀性环境中遇到的挑战。

Eli-Chem推出了Eli-Flex传送带和橡胶修复树脂。

## 我们的绿色证书

客户每次购买我们的产品，我们都会自动购买碳补偿。

此举旨在支持环保项目，比如可以带来清洁能源的风电场和太阳能场，又或者不被砍伐，以便它们能够继续吸收空气中的二氧化碳。

# Goodfellow Cambridge Ltd

 [www.goodfellow.com](http://www.goodfellow.com)

## Goodfellow Cambridge Ltd

With over 75 years of facilitating scientific innovation, Goodfellow is a leading global supplier of metals, alloys, ceramics, glasses, polymers, compounds, composites and other advanced materials to meet the research, development and specialist production requirements of science and industry.

Goodfellow's extensive range of products and services can support your scientific developments.

Goodfellow's specialist product range consists of over 150,000 items available online, with free global delivery and 48-hour despatch. Goodfellow has no minimum order requirements and volume discounts are available on larger quantities, helping the customer save money. Goodfellow's impeccable standard is reinforced by rigorous quality checks before the products leave their warehouse. Additionally, Goodfellow is ISO9001:2015 accredited, and certain products are RoHS or JOSCAR compliant. Goodfellow can also

supply a range of technical certifications on request. Goodfellow is also able to supply a range of technical certifications on request.

Goodfellow's Technical Solutions offer every specialist material you'll ever need, delivered anywhere in the world. Goodfellow's expert Technical Team of scientists and engineers, will work with you to identify the right solution for your project. Our Technical Solutions include adapting Goodfellow's specialist product range to meet your specific application needs, sourcing materials outside of Goodfellow's specialist product range, creation of custom parts to your technical specifications or drawing, full technical consultation from general product queries to full project consultation, scheduled deliveries including stock holding, call offs and buffer stock to help streamline customer procurement processes and possible fixed pricing options to keep the customer on budget.

## Goodfellow Cambridge Ltd

在促进科学创新方面，Goodfellow拥有超过75年的经验，是领先的金属、合金、陶瓷、玻璃、聚合物、化合物、复合材料等先进材料的全球供应商，其产品和服务可以满足科学、工业研发和专业生产要求。

Goodfellow提供各种产品和服务，支持客户实现科学发展。

Goodfellow的专业产品系列包含超过15万种商品，均已开通线上销售，由Goodfellow提供免费全球配送服务，承诺48小时发货。Goodfellow没有最小起订量要求，但大量订购时可享受批量折扣，帮助客户节约成本。产品出库前均会接受严格的质量检查，这进一步完善了Goodfellow本就面面俱到的高标准。此外，Goodfellow通过了ISO9001:2015认证，部分产品符合RoHS或JOSCAR标准。Goodfellow还可以按要求提供一系列技术认证证书。

通过技术解决方案，Goodfellow可以为全球客户提供各种专业材料。由科学家、工程师组成的专业技术团队可以与客户合作，为项目确定合适的解决方案。我们的技术解决方案包括调整专业产品，满足客户的特定应用需求；采购非Goodfellow自有专业产品的材料；根据客户的技术规范或图纸定制零件；提供覆盖从一般产品咨询，到全面项目咨询的全方位技术咨询服务；计划交付（包括库存持有、按需交货和缓冲库存），帮助简化客户采购流程；以及提供可能的固定定价选项，帮助客户在预算内完成采购。

# Hylomar Limited

🌐 [www.hylomar.co.uk](http://www.hylomar.co.uk)

Hylomar Limited manufactures a range of high-performance sealants and adhesives which are specified by many of the world's leading automotive and industrial equipment manufacturers.

The manufactured product range includes proprietary Hylomar technology along with silicone sealant, acrylic anaerobic sealant, epoxy adhesive, UV curing and heat curing sealants.

Hylomar universal jointing compound was originally developed by Rolls-Royce for sealing aircraft turbines. It continues to be used in the aerospace industry, and the continual development of the technology has resulted in many new areas of use.

The unique formulation of Hylomar universal jointing compound allows it to seal against the leakage of lubricants, petrol, diesel and water so every joint is 100% sealed.

Hylomar universal jointing compound is also a non-setting sealant which means the disassembly of a joint for example that of a pump, turbine, generator or similar components is made easy during service or repair.

Typical automotive applications include sealing automotive wheel bearings, steering systems, engines, electric motors and drives, axles, differentials, constant velocity joints and pumps.

Typical industrial applications include sealing aircraft and power generating turbines, gearboxes, covers, electrical generators, industrial split line bearings, transformers.

The latest technology to be developed by Hylomar is the product Hylomar AF Spezial. Hylomar AF Spezial will not only seal against lubricants, but it will seal against water and salt water and therefore eliminates corrosion within a joint.

These characteristics have led to Hylomar AF Spezial being globally specified for sealing electric vehicle battery packs and high voltage inverters in automotive electric vehicle battery pack manufacturing.

Hylomar AF Spezial is suitable for high-speed dispensing operations without the need for heating and it can be used on aluminium, rigid plastic or composite parts.

Hylomar Ltd is a tier 1 supplier into automotive manufacturers and is certified to IATF16949, ISO14001 and ISO9001.

Hylomar Ltd has subsidiaries in Germany and the USA.

Hylomar Limited生产一系列高性能密封剂和胶黏剂，其产品被许多世界领先的汽车制造商指定。

公司目前的产品组合涵盖专有Hylomar技术，以及硅酮密封剂、丙烯酸厌氧密封剂、环氧胶黏剂、UV固化与热固化密封材料等多种产品体系。

Hylomar通用接合剂最初由罗尔斯·罗伊斯开发，用于飞机涡轮发动机的密封。该产品至今仍广泛应用于航空航天行业，并在持续的技术升级与研发推动下，扩展到了更多新的应用领域。

Hylomar通用接合剂的独特配方可有效防止润滑油、汽油、柴油和水的泄漏，从而实现接合面100%密封。

此外，Hylomar通用接合剂属于非凝固型密封胶，在设备维护或检修过程中，例如泵、涡轮机、发电机或类似部件的拆卸操作，将更加轻松便捷。

典型的汽车应用包括密封汽车车轮轴承、转向系统、发动机、电动机和驱动器、车轴、差速器、等速万向节和各种泵体的密封。

在工业领域中的典型应用包括：飞机与发电涡轮机、齿轮箱、机壳、发电机、工业分体轴承以及变压器等设备的密封。

Hylomar开发的最新技术是Hylomar AF Spezial产品。该产品不仅可密封润滑剂，还可对水和盐水形成有效屏障，从而防止接合部位的腐蚀。

这些特性使Hylomar AF Spezial成为全球指定用于汽车电动汽车电池组制造中的电动汽车电池组和高压逆变器的密封，并广泛应用于新能源汽车电池包制造领域。

Hylomar AF Spezial适用于高速点胶操作，无需加热，可用于铝、硬质塑料或复合材料部件。

Hylomar Ltd 是汽车制造商的一级供应商，并通过了IATF16949和ISO9001认证。

Hylomar在德国和美国设有全资子公司，业务布局覆盖全球主要工业市场。

# INEOS Styrolution

 [www.ineos-styrolution.com](http://www.ineos-styrolution.com)

INEOS Styrolution is the world's leading styrenics supplier, with a high-performing portfolio of styrene monomer, polystyrene, ABS Standard and styrenic specialty products. With more than 90 years of innovation in materials science, INEOS Styrolution is focused on customer satisfaction with differentiated solutions that provide a competitive edge as well as investments in technology that enable closed loop recyclability for styrenics while reducing our carbon emissions.

INEOS Styrolution applications can be found in many everyday products across multiple industries: including automotive, electronics, household, construction, healthcare, packaging, and toys/sports. Operating 16 production sites in nine countries, the company is a wholly owned subsidiary of INEOS Group Limited and employs approximately 3,100 people. Sales were 6.6 billion euros in 2022.

INEOS Styrolution是全球领先的苯乙烯产品供应商，拥有苯乙烯单体、聚苯乙烯、ABS通用材料和苯乙烯特殊材料等各种高性能产品。凭借在材料科学领域积累了90余年的创新经验，INEOS Styrolution专注于提供让客户满意的差异化解决方案，帮助客户在市场中赢得竞争优势，同时投资发展能够实现苯乙烯系列产品闭环回收，减少碳排放的技术。

INEOS Styrolution的产品可见于汽车、电子、家用、建筑、医疗保健、包装和玩具/运动等多个行业的许多日常用品中。INEOS Styrolution是英力士集团的全资子公司，在九个国家运营着16个生产基地，拥有约3,100名员工。2022年，公司实现销售额66亿欧元。

# Victrex PLC

 [www.victrex.com](http://www.victrex.com)

## Victrex PLC

Victrex PLC is a world leader in PEEK polymer solutions – one of the highest performing thermoplastic polymers in the world. Every day, millions of people rely on products which contain our PEEK polymers from smartphones, aeroplanes and cars to oil & gas operations and medical devices – why? The use of VICTREX™ PEEK allows engineers to achieve enhanced system performance, enables radical system design improvements and reduce part and operating costs, and in the case of medical applications improved clinical and patient outcomes.

With more than 40 years of experience, VICTREX PEEK polymer offers an exceptional combination of properties including high purity, excellent strength and stiffness, durability, chemical and wear resistance, and heat and electrical insulative properties – all the benefits of a polymer but at temperatures that are beyond the capability of most plastics – and as a thermoplastic is easy to process.

## Investment & Growth History

With headquarters in the UK, Victrex set-up its Asia Innovation and Technology centre in Shanghai in 2006, and throughout the years has made continued investment and expansion in China.

- AITC : 2000-square metre technical centre of excellence, with state-of-the-art labs providing fast prototyping, analytical tests, design and process optimisation.
- Victrex invests in capacity ahead of demand to meet customers' needs, including a new PEEK compound manufacturing facility in Shanghai.
- New Polymer production: In Panjin, where Victrex holds 75% equity interest in PVYX, with remaining 25% held by Yingkou Xingfu Chemical Co. Ltd ("YX").
- Victrex first Chinese PEEK manufacturing facility to extend our range of polymer grades.
- Expected commercial product by end 2023 with nameplate capacity 1,500 tonnes of PEEK & PAEK.
- Panjin (PVYX) recorded over 1.7 million hours in FY2022 with no recordable injuries.

Find out more at [www.victrex.com](http://www.victrex.com)

# Addmaster

 [www.addmaster.co.uk](http://www.addmaster.co.uk)

Addmaster is the leading supplier of technically innovative additives for the plastics, paper, textile, paints and coatings industries.

We help brand owners, manufacturers and product designers create a unique point of difference, adding increased value to their products. Our additives can also help improve production processes or solve specific problems within the manufacturing process.

We offer a revolutionary resource centre for masterbatches, compounds and liquid or powder dispersions for any application. Since the company was founded in 2000, the outstanding success of our business model and our ongoing commitment to research and development, has enabled us to expand into the global market and establish Addmaster as one of the world's leading suppliers in our field. Over the course of the last two decades, we have proudly earned three Queen's Awards, in addition to numerous accolades from within our industry.

Our famed Biomaster antimicrobial additive gives products fast, effective and long lasting antibacterial and antiviral protection reducing the risk of cross-contamination. It is incorporated into thousands of products worldwide, winning awards for its innovation.

Verimaster technology offers unique anticounterfeiting brand protection and product verification options that can be tailored to your security needs.

Scentmaster provides a wide choice of effective long life fragrances, flavours and deodoriser technology for your product. As well as our established specialised products, we also offer a bespoke service, Masterpiece. This service can adapt or create additive solutions specifically for your business.

Addmaster是塑料、造纸、纺织、油漆和涂料行业技术创新添加剂的领先供应商。

我们帮助品牌、制造商和产品设计师创造独特的差异点，为其产品增加价值。我们的添加剂还可以帮助改进生产工艺或解决制造过程中的特定问题。

我们拥有一个涵盖色母粒、化合物、液体或粉末分散剂的创新资源中心，产品可应用于多个场景。自2000年成立以来，我们的业务模式取得了巨大成功，同时，我们从未停止在研发方面进行投入。得益于此，我们扩展进入全球市场，并将Addmaster打造成了该领域的世界领先供应商之一。在过去的二十多年里，我们获得了三次英国女王贸易奖，以及其他多个行业奖项。

Biomaster抗菌添加剂为产品提供快速、有效、持久的抗菌抗病毒保护，降低交叉污染的风险。它被纳入全球数千种产品中，并因其创新性而获得各大奖项。

Verimaster技术提供独特的防伪品牌保护和产品验证功能，可根据您的安全需求进行定制。

Scentmaster为您的产品提供多种有效的留香、长效除臭技术。除了成熟的专业产品外，我们还提供定制服务Masterpiece专门针对您的业务调整或创建添加剂解决方案。

# Aqdot®

 [www.aqdot.com](http://www.aqdot.com)

Headquartered in Cambridge, England, Aqdot® is a supramolecular chemtech company with a focus on improving indoor air quality through licensing and selling its AqFresh™ platform technology.

AqFresh™ is a patented molecule capture & release technology that captures and removes odours & pollutants, whilst enabling prolonged fragrance release.

Aqdot has completed all relevant regulatory and environmental hurdles and is now accelerating production and commercialisation. The team have scaled up manufacturing to multi-ton scale and have established and built strong collaborations with 100+ multi-national companies who all have pain-points that this revolutionary chemistry can address.

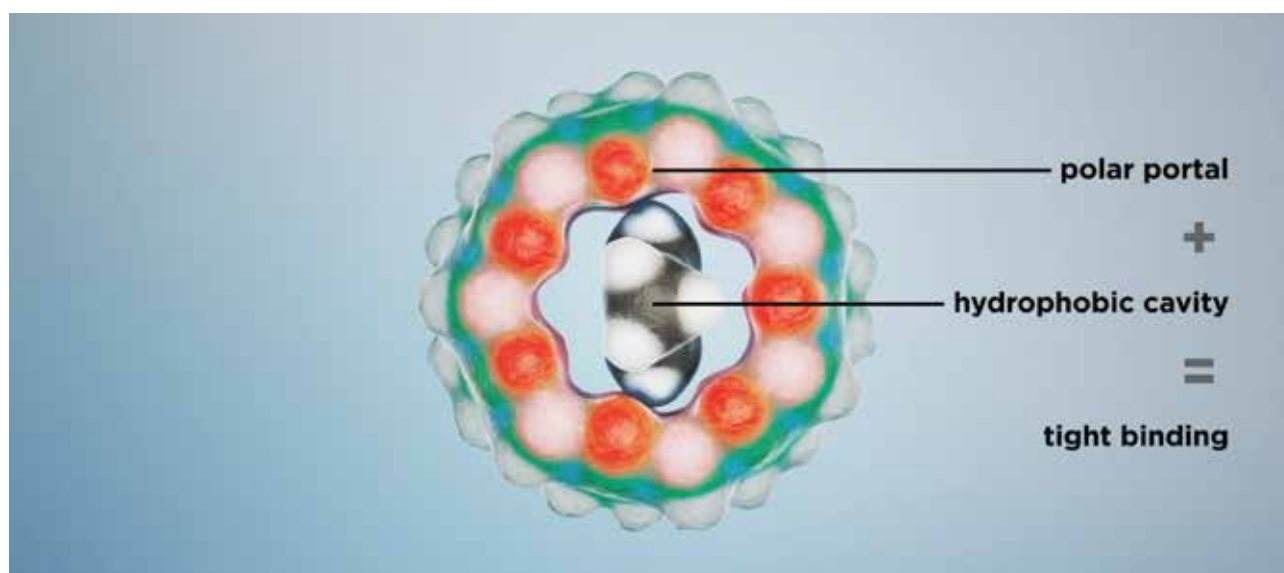

AqFresh™ has no hazard warning for human health or the environment and has achieved a Material Health Certificate (MHC) from the Cradle to Cradle Products Innovation Institute.

AqFresh™ is a versatile new odour capture technology with a broad range of applications including home & personal care products, automotive interior nonwoven & textile materials, air filters and recycled plastics.

It has also been incorporated into hygiene nonwovens used in diapers, pads, and medical dressings. It has been proven to significantly reduce product odours as well as external odours from the urine, faeces, sweat or menstrual fluids they absorb in-use.

Our patented technology utilises Cucurbiturils – barrel-shaped molecules with a hollow hydrophobic cavity and polar portals enabling them to tightly bind a wide spectrum of unwanted molecules.

Innovate with AqFresh™ to reduce odours and pollutants.

Aqdot®是一家总部位于英格兰剑桥的超分子化学科技公司，专注于通过授权、销售其AqFresh™平台技术来改善室内空气质量。

AqFresh™是一项已获得专利的分子捕获和释放技术，可捕获并去除异味和污染物，同时能够延长香味释放时间。

Aqdot已完成所有相关监管、环境手续，目前正在加速推进生产与商业化。团队已将产量提升至数吨级别，并与百余家跨国公司建立了强有力的合作关系——这些合作伙伴均可以从Aqdot获取应对相关痛点的解决方案。

AqFresh™对人类健康及环境无害，并已获得摇篮到摇篮产品创新研究院（Cradle to Cradle Products Innovation Institute）颁发的材料健康证书（Material Health Certificate, MHC）。

AqFresh™是一种多功能新型气味捕捉技术，可应用于家居和个人护理产品、汽车内饰、无纺布和纺织材料、空气过滤和再生塑料等多个领域。

它还用于可制造尿布、护垫和医用敷料的卫生无纺布中。研究证明，它可以显著减少产品本身的气味以及产品所吸收的尿液、粪便、汗液或经血产生的气味。

我们的专利技术利用葫芦脲——具有中空疏水腔和极性边缘的桶形分子，使它们能够紧密结合各种异味和污染物分子。

利用AqFresh™进行创新，减少异味和污染物。

# Colloids

 [www.colloids.com](http://www.colloids.com)

Colloids was established in 1967, and has over 50 years' experience in the industry. Head Offices in the UK, Knowsley (near Liverpool). Colloids Group is part of the multinational Tosaf Group, with sister companies in Germany, Turkey, The Netherlands, Israel and the USA, offering a global service to the plastics industry for high quality black, white and colour masterbatches, compounds and performance enhancing additive masterbatches. All manufacturing sites meet ISO 9001 quality standards, with Colloids Knowsley having automotive industry IATF 16949:2016 and ISO 14001 accreditations. Colloids supplies the automotive, agricultural, E&E, construction, pipe, geosynthetic and consumer markets, as well as polymer producers and compounders worldwide.

高莱成立于1967年，在热塑性塑料行业积累了超过五十年的经验。总部设于英国诺斯利（近利物浦）。高莱隶属于跨国公司托沙夫集团（Tosaf Group），在德国、土耳其、荷兰、以色列、美国均有姊妹公司。它致力于为全球塑料行业提供高质量的黑色、白色和彩色色母粒，化合物，以及性能增强型助剂色母粒。高莱的所有生产工厂均已获得ISO 9001质量认证，其中，高莱诺斯利工厂获得了汽车行业 IATF 16949: 2016和ISO 14001认证。高莱为全球汽车、农业、机电、建筑、管道、土工合成材料和消费品市场以及聚合物生产商和混料商提供产品。

# Hixmas British-Corp (UK)

 [www.hixmas.com](http://www.hixmas.com)

Hixmas British-Corp(UK) world-renowned brand for manufacturing and research of microbial control agent, headquartered in London, It has four industry clusters for paint and emulsion dept, health and fitness dept, fluid control dept and light chemical engineering dept with disinfectants, bactericides, preservatives, fungicides, algicides and other products. Our microbial control technology can be used from the production, storage and transportation to the application and of full range of microbial control solutions for water-borne industry, and to meet the product quality assurance environmental regulations.

The disinfectants, bactericides, preservatives, Fungicides and Algicides of Hixmas involve 4 industrial categories and more than 100 industries, and provide microbial control services for wet products to global customers.

Hixmas Microbial Control center supply many market with comprehensive service:

- Relevant professional regulations guidance: We help customers to meet regulatory requirements and product quality assurance, Ensure microbiological control solutions is given official approval according to client expectations.
- Solution for microorganism: Hixmas Microbial Control center provides clients with product application and test methods including inhibition circle test and weather-resistance test, which help customers to improve product quality and cost reduction.
- Testing technology and equipment: Our expertise understands market needs and provides answers to questions and problems, We have environmentally preferred products designed to meet evolving regulatory needs of customers.

Hixmas British-Corp (UK) is a globally renowned microbial control agent production and R&D brand, headquartered in London. It has four industry clusters, including Building and Emulsion, Health and Fitness, Fluid Control, and Light Chemical Engineering, offering disinfectants, bactericides, preservatives, fungicides, algicides, and other products. Our microbial control technology can be used from production, storage, and transportation to application, providing a full range of microbial control solutions for water-borne industry, and to meet the product quality assurance and environmental regulations requirements.

Hixmas's disinfectants, bactericides, preservatives, fungicides, and algicides cover 4 major industry categories, 100+ industries, providing global customers with wet product microbial control services.

Hixmas Microbial Control Technology Department provides comprehensive services for multiple markets:

- Regulatory professional knowledge: Help customers comply with regulatory requirements, ensure product quality assurance, ensure customers' microbial solutions smoothly obtain official approval.
- Microbial identification and testing: Provide customers with product application testing methods and services, including inhibition circle, weather-resistance experiments, help customers improve product quality, reduce costs.
- Testing technology and equipment: We understand market needs, have the ability to solve problems, respond to challenges. Our environmentally friendly products aim to help customers meet constantly changing regulatory requirements.

# Holiferm Limited

 <https://holiferm.com/>

Established in 2018, Holiferm is a pioneering biotechnology based on patented fermentation technology with integrated gravity separation, originating from the University of Manchester. Our primary objective is to revolutionise the industry by supplanting all petrochemical-derived surfactants with our naturally crafted biosurfactants, thereby substantially mitigating CO<sub>2</sub> emissions in chemical production. Our innovative process harnesses yeast sourced from honey, complemented by rapeseed oil and glucose.

Applied across an array of household essentials like cosmetics, skincare, shower gels, and hand cleansers, our biosurfactants also have benefits for the agriculture and textile industries. Spearheading our product lineup are our sophorolipids, featuring HoliSurf and HoneySurf variations. HoliSurf caters to personal care formulations, while HoneySurf is tailored for household and industrial applications. Both variants are available in highfoaming (HF) and low foaming (LF) options.

Headquartered in the north-west of the United Kingdom, Holiferm operates a dynamic research and development hub in Manchester, complemented by a cutting-edge commercial facility in Liverpool. Presently, our Liverpool plant is dedicated to the production of sophorolipids, dispatched to a global clientele through our direct sales channel and robust distribution network. While our current offerings focus on sophorolipids, we're poised to expand our biosurfactant portfolio by introducing rhamnolipids and MELs to the market in the near future.

Holiferm成立于2018年，是一家起源于曼彻斯特大学的生物技术初创企业，基于专利技术——集成重力分离发酵工艺创立。我们的主要目标是用生物基表面活性剂取代所有化石基表面活性剂，推动行业变革，从而大幅减少化工生产中的二氧化碳排放。我们的创新工艺以蜂蜜中分离的酵母为原料，辅以菜籽油和葡萄糖。

所生产的生物基表面活性剂可用于化妆品、护肤品、沐浴露、洗手液等一系列家用必需品，同时还能惠及农业和纺织业。我们的产品阵容首推槐糖脂，包括HoliSurf、HoneySurf两个系列。其中，HoliSurf适用于个人护理用品，而HoneySurf则为家居用品、工业产品量身定制。他们都包含高发泡（HF）、低发泡（LF）两种产品版本。

Holiferm部位于英国西北部，在曼彻斯特运营着一个充满活力的研发中心，并在利物浦设有尖端工厂。我们的利物浦工厂正致力于生产槐糖脂，并通过直销渠道、强大的分销网络将产品送抵全球客户。虽然我们的产品目前以槐糖脂为主，但在不久的将来，我们将向市场推出鼠李糖脂、甘露糖基赤藓糖醇脂（MEL），并以此丰富我们的生物基表面活性剂产品种类。

# Hubron

🌐 [Andrew.bloor@hubron.com](mailto:Andrew.bloor@hubron.com)

Hubron (International) Ltd is a manufacturer of black plastic masterbatch and conductive compound specialise in the manufacture of engineered, fibre, styrene, graphene-enhanced, and high-grade black masterbatch thermoplastics.

Our team of highly qualified Technologists brings deep expertise in organic chemistry, polymer science, and advanced material technologies. We are well equipped to support both ongoing projects and the development of customised applications tailored specifically to your business needs.

Hubron (国际) 有限公司 是黑色塑料母粒和导电化合物的领先制造商，专注于工程类、纤维类、苯乙烯类、石墨烯增强型以及高等级黑色母粒热塑性材料的生产。

我们由一支高素质的技术团队组成，具备有机化学、高分子科学和先进材料技术方面的深厚专业知识。凭借强大的技术能力，我们不仅能够支持现有项目的运行，还能为客户量身定制特定应用解决方案，以满足您的业务需求。

# Innospec

 <https://innospec.com>

Innospec is a leading personal care ingredients manufacturer with global capabilities and regional understanding with manufacturing sites and labs across the globe.

Our global technical team has the expertise and market understanding to develop on-trend formulations that capture the physical and sensory attributes consumers want by incorporating science & creativity.

Whether it is a silky after-feel, ease of rinse-ability, or luxurious foam; we know what makes a successful formulation and how to impart a unique experience with brand appeal. From mild surfactants for shampoos, emollients for sunscreens and silicones for facial creams, these ingredients can bring your project to life and meet the changing expectations of your customers.

Being a market leader in sulfate-free surfactants and mild formulations, our flagship products include Iselux® and Natrlquest® E30.

Iselux® is 80% naturally derived, mild, primary isethionate surfactant that is free from sulfates, preservatives, 1,4 dioxane and nitrosamine. It can also be used as a secondary surfactant to boost performance.

INCI: SodiumLauroyl Methyl Isethionate

It has broad pH benefits that is easy to formulate creating crystal-clear liquids and sustainable solids, without compromising on exceptional luxury and cleansing kindness for face, body and hair applications. Provides mild, flash foam consisting of large & small bubbles with excellent foaming in hard water and in presence of oils. Readily biodegradable

Natrlquest® E30 [S,S] -EDDS is an award-winning biodegradable chelating agent which is an excellent replacement for EDTA.

INCI: TrisodiumEthylenediamine Disuccinate

Natrlquest® E30 is a naturally occurring compound synthesized by the bacterium *actinomyces actinomyces orientalis*. It strongly binds and inactivates transition metal ions such as Cu in the presence of hard water ions, and stabilizes natural fats, oils & fragrances. Key uses in hair bleaching and oxidative hair coloring (copper blocker)\*. Prevents radical formation from transition metal ions and peroxide. It also acts as a preservative potentiator.

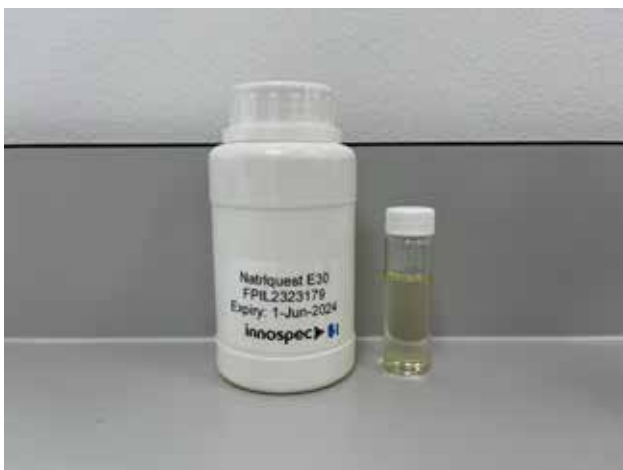

英诺斯派是一家全球领先的个人护理成分制造商，拥有全球供应和服务能力，同时对各个区域也有深入的了解，生产基地和实验室遍布全球。

我们的全球技术团队拥有专业知识和对市场的深入了解，通过结合科学和创造力来捕捉消费者希望获得的物理和感官属性，帮助客户开发符合市场流行趋势的配方。

无论客户需要的是丝滑的用后感受、易于冲洗的特性，还是绵密的泡沫，我们都能研发出成功的配方，也知道如何通过独特体验增加品牌吸引力。从用于洗发水的温和表面活性剂、用于防晒霜的润肤剂到用于面霜的有机硅，我们用这些成分活化客户的项目，满足产品用户不断变化的期望。

作为无硫酸盐表面活性剂和温和配方的市场领导者，我们的旗舰产品包括Iselux®和NatrIquest® E30。

Iselux®是80%天然衍生的羟乙基磺酸盐类温和表面活性剂，可在配方中用作主要表面活性剂，不含硫酸盐、防腐剂、1,4二噁烷和亚硝胺。它还可以用作辅助表面活性剂以提高产品性能。

INCI: 月桂酰甲基羟乙基磺酸钠

Iselux®具有广泛的pH应用优势，易于配制，既可以创造出晶莹剔透的液体，也可以制造出可持续的固体，同时还能使面部、身体和头发清洁产品具备卓越的清洁效果。即便是在硬水和含有油脂的水中，它也可以让产品快速起泡，产生温和、丰富、细密的泡沫。它易于生物降解。

NatrIquest® E30 [S,S] -EDDS是一种可生物降解螯合剂，屡获殊荣，是EDTA的绝佳替代品。

INCI: 乙二胺二琥珀酸三钠

NatrIquest® E30是一种天然存在的化合物，由放线菌属东方拟无枝酸菌合成。它在硬水离子存在的情况下，能强力结合过渡金属离子（如铜）并使其失活，还能稳定天然脂肪、油和香料。它主要用于头发漂白和氧化染发（铜阻滞剂）\*。防止过渡金属离子和过氧化物形成自由基。它还可以在配方中用作防腐剂增强剂。

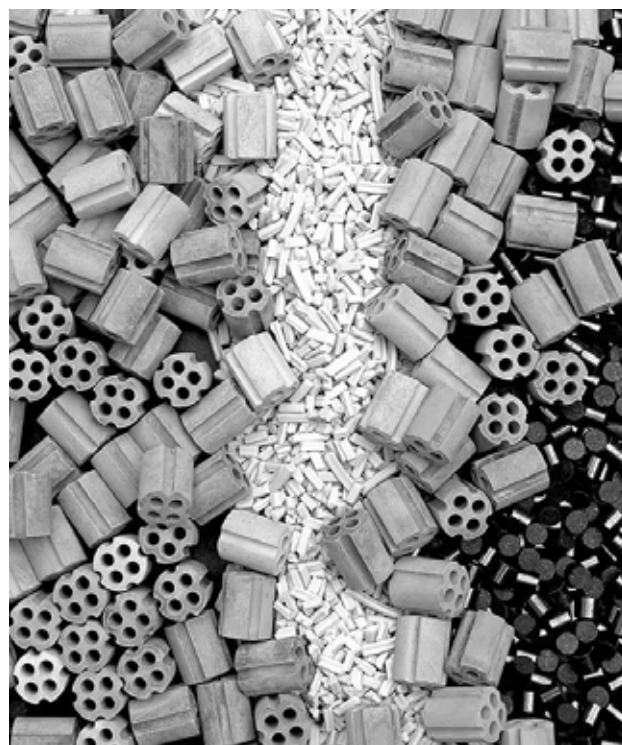

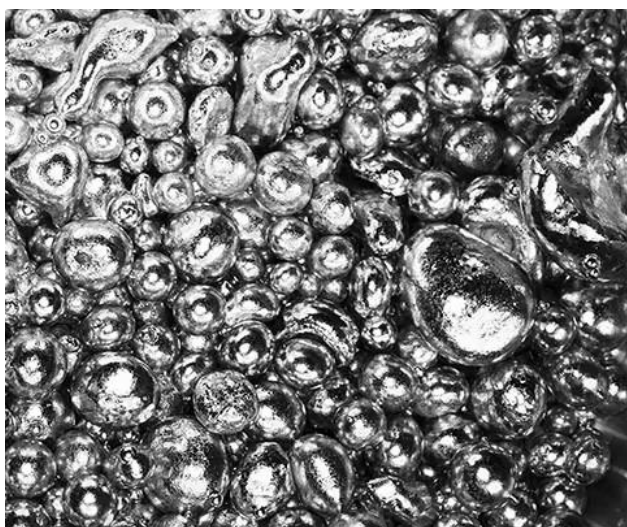

# Johnson Matthey

 <https://matthey.com/>

Founded in 1817 and headquartered in London, Johnson Matthey is a British company with 209-year history and has committed to the development of core technologies in catalysts, precious metals, and specialty chemicals. Johnson Matthey is the global leader in Platinum Group precious metals business providing a full range of closed-loop services throughout the precious metal trading, to production and processing, and to metal refining. In automotive emissions control catalysts Johnson Matthey shares one-third of the world's automotive market share. The catalyst technology business segment focuses on the process design of chemical, petrochemical and sustainable technologies, production of corresponding catalysts and after-sale services; Johnson Matthey takes a leading position particularly in the technology of producing methanol from blue and green hydrogen in the world. Johnson Matthey has been the pioneer in the research and development of fuel cell and hydrogen technology since the 1960s and achieved industrial scale production globally for the first time in 2000; it has accumulated sophisticated technical expertise and industrialization experience and is a leading player in the world hydrogen industry.

庄信万丰成立于1817年，总部位于伦敦，是一家拥有209年历史的英国公司，一直致力于开发催化剂、贵金属和专用化学品等核心技术。我们是铂族贵金属业务领域的全球领袖，提供从贵金属贸易、生产加工到金属精炼的全方位闭环服务。在汽车尾气催化剂方面，我们占有全球汽车市场三分之一的份额。在催化剂技术业务方面，我们专注于化工、石化及可持续技术的工业设计、对应催化剂的生产与售后服务；在蓝氢和绿氢制甲醇技术方面，我们处于世界领先地位。自20世纪60年代以来，我们一直在燃料电池和氢能技术研发领域发挥引领作用。2000年，我们在全球首次实现工业化生产。我们积累了深厚的技术基础和产业化经验，是全球氢能行业的领军企业。

# Kimia

 <https://kimia.co.uk/>

Kimia is a trusted supplier of high purity alcohols, proudly serving customers across the UK and beyond. For more than 40 years, we've built our reputation on a simple promise: quality products, backed by exceptional service.

From pharmaceuticals and personal care to food, beverage and specialist industrial applications, we support a wide range of sectors with reliable supply, technical know-how and a genuinely collaborative approach. Whether it's supplying a niche blend or delivering bulk liquids on time, we focus on making the process smooth, transparent and stress-free.

We combine international reach with the personal touch of a UK team who care about getting things right. Our customers value us for being easy to work with, quick to respond and committed to long-term partnerships.

Kimia是一家值得信赖的高纯度醇类供应商，服务覆盖英国及海外市场已逾40年。公司以“高品质产品+卓越服务”为核心承诺，在行业内树立了良好口碑。

Kimia面向制药、个护、食品与饮料以及特种工业等多元领域，提供可靠的连续供应、专业技术支持与协作式服务。无论是小众配方与专用混配，还是大宗散装液体的准时交付，公司始终以流程顺畅、信息透明、降低客户负担为目标。

Kimia兼具国际供货能力与英国本土团队的贴心服务，重视精准执行与细致沟通。客户普遍认可其易于合作、响应迅速以及致力于长期伙伴关系的经营风格。

# Micro-Fresh® International

 [www.microfresh.com](http://www.microfresh.com)

Micro-Fresh® is a UK SME business with a Global footprint including offices across Asia.

Micro-Fresh® is an innovative technology used globally by manufacturers and retailers to protect and preserve the freshness of their products “Fresher for longer”

In 2006, The company created the formula of Micro-Fresh, which prevents mould, bacteria and viruses on products including shoes and bedding. Now, Micro-Fresh® is found in retailers such as John Lewis, Next and M&S.

Micro-Fresh® started in footwear preventing mould growth on goods in transit and now provides ongoing freshness in a wide range of textile products from bed sheets to socks to sportswear –giving these goods a sustainability and marketing “edge” against their competitors and adding value to their products.

In recent years, Micro-Fresh has also found its way into the residential, construction and home improvement markets with a product called Home-Fresh, an untraceable technology applied to walls helping prevent mould in buildings that are prone to mould and mildew. It has been scientifically proven to stop mould from developing at the source.

Micro-Fresh®是一家来自英国的中小企业，业务遍及全球，在亚洲多地设有办事处。

Micro-Fresh®也指一种创新技术，为全球制造商和零售商所用，旨在保护产品，让他们能“更久保持亮丽如新”

2006年，公司研发出了Micro-Fresh配方，防止霉菌、细菌和病毒损害鞋子、床上用品等产品。Micro-Fresh®已在John Lewis、Next、玛莎百货等零售商店销售。

Micro-Fresh®最初应用于鞋类，旨在防止货物在运输途中发霉；如今，它所适用的产品品类已扩大至床单、袜子、运动服等多种纺织品，让他们长久保持清爽干净，具备可持续性和营销“优势”，使其相对于竞争对手更具竞争力，并为产品增值。

近年来，Micro-Fresh还推出了名为Home-Fresh的产品，进军住宅、建筑和家居装修市场。Home-Fresh是一种难以追踪的技术，应用于易发霉建筑物，可以帮助避免墙壁发霉。科学证明，它能从源头上阻止霉菌的发展。

# Muc-Off

 [www.muc-off.com](http://www.muc-off.com)

Founded in 1994 in Dorset in the UK, Muc-Off have grown to become the global brand leader in bicycle care and maintenance products. The Muc-Off brand is distributed in 100 countries around the world with a particularly strong presence in the UK, mainland Europe and North America. The brand's popularity is founded around the core principles of making awesome & innovative products that make bike care fun and easy. Muc-Off work with some of the biggest team and individual names in the world of professional cycling as well as multiple bike parks around the world.

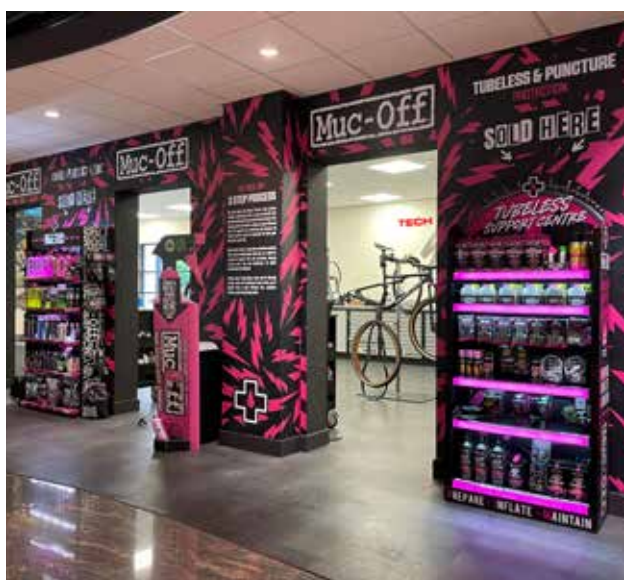

In 2018 Muc-Off expanded their focus to bring the same innovation, design and marketing focus to the Powersports market and now sell their Powersports range into 50 countries globally.

The Muc-Off brand has no real presence in China and sees a huge growth potential in both the bicycle & powersports categories in the Chinese market. We are interested to develop relationships with major retailers, distributors and B2C fulfilment houses who can help us to establish and grow the Muc-Off brand in China in the next 3-5 years.

1994年，Muc-Off成立于英国多塞特郡，现已发展成为自行车护理、保养领域的全球品牌领导者。Muc-Off品牌已进入全球100个国家，在英国、欧洲大陆和北美的影响力尤为强大。它之所以广受欢迎，根本原因在于它所秉持的核心原则，即生产让人赞叹的创新产品，使自行车护理变得有趣且简单。Muc-Off的合作伙伴包括全球最大的专业自行车车队和自行车手，以及世界各地的多个自行车公园。

2018年，Muc-Off扩大了业务范围，将同样的创新、设计和营销热情引入动力户外运动市场。现在，品牌推出的动力户外运动系列产品已销往全球50个国家。

Muc-Off品牌尚未真正进入中国市场，但已经看到了其自行车、动力户外运动品类的巨大增长潜力。我们希望与主要零售商、分销商和B2C直购公司建立联系，帮助我们在未来3-5年内，在中国建立、发展Muc-Off品牌。

# Northstar Lipids

 [www.northstarlipids.co.uk](http://www.northstarlipids.co.uk)

## Specialist in the field of functional plant oils.

Northstar Lipids is a specialist in the field of functional plant oils. We are proud to offer a fully integrated service, from raw material sourcing and contracted-out production through to support to R&D and marketing to help realise new products from concepts into commercial reality and have a proven track record in this regard. Being based in the UK has a great benefit as the British Isles have a long history in the innovation and production of novel oilseed crops. Our rich soil and temperate climate combined with deep agricultural history support the development of many of the high value nutritional and technical oils used in today's formulations. We are passionate supporters of British Agriculture; we see so many benefits of working with local producers including:

- ✓ Easier to manage and validate the supply chain, leading to greater product security and consumer confidence.
- ✓ Production processes are closer to point of origin leading to increased product freshness and overall quality and stability.
- ✓ Lower Carbon emissions involved in production and shipment, enabling users to reduce carbon footprint of finished products, which is consistent with current thinking.
- ✓ Sustainable, environmentally friendly production technologies, equipment and expertise are used; many crops are naturally resistant to pests and require little or no synthetic/chemical treatment.

- ✓ Supports the UK farming community through increased income potential and crop diversity.
- ✓ Bee Friendly! Many crops rely on insect pollination and help local ecosystems by supporting a healthy Bee population-in return we get some of the best honey in the world!

Our British Botanical Oil Range includes the best and most functional natural oils that Britain can offer; products which are grown and/or processed as close to point of origin as possible and which are rich in the Essential lipids and micronutrients that are vital in dietary and skin nutrition. The products currently available from our range are listed below.

- Borage seed oil
- Lunaria seed oil
- Echium seed oil
- Chia seed oil
- Camelina seed oil
- Blackcurrant seed oil
- Crambe seed oil
- Wheatgerm oil
- Elderberry seed oil
- Oat oil
- Canola seed oil

Please contact us for more detailed information.

## 功效性天然植物油脂领域的专家

英国北星天然植物油脂有限公司是功效性天然植物油脂领域的专家。我们能为客户提供从原材料采购、外包生产，到为客户提供研发和市场营销支持，帮助客户把“开发新产品”从理念转变为商业实际等全方位服务——我们在这方面积累了良好信誉，让我们颇为自豪。长久以来，不列颠群岛持续在创新、培育新型油料作物方面发力，因此植根英国赋予了我们极大的优势。英国享有肥沃的土壤、优越的气候条件和悠久的农业历史，今日仍在使用的许多高价值营养、工业用油料便得益于此。作为英国农业的热情支持者，我们意识到与当地生产者合作会带来许多益处：

- ✓ 方便我们管理、验证供应链，从而提升产品的安全性，提振消费者的信心。
- ✓ 产品生产更靠近原材料产地，从而确保产品更加新鲜，提高产品总体质量和稳定性。
- ✓ 减少生产、运输中产生的碳排放，保证用户在使用成品时产生更少的碳足迹——这符合当今的环保理念。
- ✓ 我们应用了环保的可持续生产技术，设备及专业知识，使大部分原料作物都能自然抵抗虫害，极少，甚至无需对作物进行合成或化学处理。
- ✓ 通过提高农民的潜在收入和作物的多样性，支持英国农业的发展。

- ✓ 亲“蜜”伙伴。我们的许多作物都依赖于昆虫授粉；通过支持蜜蜂的健康繁殖，我们帮助推动当地生态系统的良性发展，而这一举措也为我们带来了全球最优质的蜂蜜。

北星英国原产植物油系列包含了英国所能供应的最优质的、最具功效性的天然植物油脂。这些产品均在尽可能接近原产地的地方种植、加工，它们富含必需脂质及微量营养素，是膳食及皮肤的营养必需品。该系列主要包含以下产品：

- 琉璃苣油
- 新月花籽油
- 蓝蓟油
- 奇亚籽油
- 芥蓝籽油
- 黑醋栗籽油
- 海甘蓝籽油
- 小麦胚芽油
- 接骨木果油
- 燕麦油
- 芥花籽油

若需要以上产品的详细介绍、规格表及材料安全数据表，欢迎与我们联系。

**FANCY SOME HONESTY?**

Lunaria Annua Seed oil - Our latest innovation: UK Grown and pressed, fully sustainable, RHS Perfect for Pollinators' approved, COSMOS Natural registered, Grown under Red Tractor Standards.

Unique oil profile with luxurious, silky skin-feel - Great for Skin and Hair.

Exclusively available from Northstar to manufacturers and product developers.

# OMEX Agrifluids Ltd

 [www.omex.com](http://www.omex.com), [www.omexcn.com](http://www.omexcn.com)

OMEX Agrifluids is a global leader in formulating and manufacturing innovative plant nutrient fertilizers. Established in 1976 OMEX has been creating and marketing scientifically proven agricultural products that not only maximize efficiency for our customers but also minimize environmental impact.

All OMEX Agrifluids products are manufactured in the UK at a cutting edge, environmentally friendly facility in Kings Lynn, Norfolk. This facility has earned certifications for environmental sustainability (ISO 14001) and workplace safety (ISO 45001). Its production line is both efficient and flexible, ensuring that it can meet high volume demands while upholding strict quality standards.

Our diverse product line includes Foliar Fertilizers, Plant Health Promoters, Biostimulants, Seed Treatments, Organic Fertilizers, and a unique range of Biologicals & Phytochemicals. These products incorporate advanced technologies like eba™, designed for enhanced bioavailability and optimized foliar uptake, aiding rapid assimilation and transport of nutrients within the plant.

Our global R&D network collaborates to establish best practices, continuously test products for optimal application, and research new sustainable methods. This work is conducted both in-house and in partnership with external research organizations and universities.

Our dedicated team of over 250 professionals ensure our products and technical services not only meet but exceed the needs of our customers. OMEX is equipped with qualified agronomists who help support growers worldwide in achieving maximum yield potential. With a presence in over 80 countries, we maintain robust international trade partnerships, guaranteeing a secure supply chain and timely delivery. Our experienced team of export specialists provide logistics expertise and advice. OMEX Agrifluids is honoured to have been recognized with a Queen's Award for Enterprise, the UK's highest business accolade, specifically for our achievements in International Trade.

OMEX Agrifluids在配制、制造创新型植物营养肥料领域处于世界领导地位。OMEX成立于1976年，始终致力于生产和销售那些经科学证明能帮助客户实现效率最大化，环境影响最小化的农产品。

OMEX Agrifluids在英国诺福克郡金斯林建有尖端环保工厂，所有产品均在此生产。该工厂已完成环境管理体系 (ISO 14001) 和职业健康安全管理体系 (ISO 45001) 认证。其生产线兼顾效率与灵活性，确保在按照严格质量标准生产的同时，满足高产量需求。

我们拥有多样化的产品线，可以生产叶面肥、植物健康促进剂、生物刺激剂、种子处理剂、有机肥料以及一系列独特的生物制剂、植物化学物质。这些产品结合了eba™等先进技术，旨在提高生物利用度，优化叶片吸收，从而帮助营养物质在植物体内快速吸收和运输。

我们的全球研发网络成员通过合作建立最佳实践，不断测试产品，以期实现最佳应用。同时，成员们还致力于研究新的可持续方法。参与其中的既包括集团内部成员，也包括外部研究机构与高校。

我们拥有一支由250多名专业人员组成的专业团队，确保我们的产品和服务不仅满足客户的需求，而且超出客户预期。OMEX的农艺师有资格、有能力帮助支持全球种植者挖掘潜力，实现产量最大化。我们的业务遍及全球80多个国家，保持着稳健的国际贸易伙伴关系，有效确保了供应链安全与及时交付。经验丰富的出口专家团队提供物流专业知识和建议。OMEX Agrifluids凭借在国际贸易领域取得的成就，荣获英国级别最高的企业荣誉——“女王企业奖”。

# P2i Ltd

🌐 [www.p2i.com](http://www.p2i.com)

P2i provides the next generation of conformal coatings to protect all PCBAs (electronics) from corrosion damage.

At P2i, we are the leaders in plasma coating technology, offering advanced solutions for the protection of electronic devices against all harsh environments. Our ultra-thin barrier coatings are designed to provide the lowest piece-part price to customers, whilst delivering the highest levels of reliability, reducing field failure return rates, maximising product life cycles and eliminating scrap. This is why customers are adopting P2i and replacing conventional conformal coatings (liquid based and parylene) as the next generation solution.

Our proprietary, patented technology provides this unparalleled performance, and we are ready to hear your specific technical performance and commercial requirements. We look forward to hearing from you.

珮泰科技提供新一代敷形涂料，保护所有PCBA（印制电路板）免受腐蚀侵害。

珮泰科技是等离子涂层技术的领导者，为保护电子设备免受各种恶劣环境的影响提供先进的解决方案。我们的超薄屏障涂层旨在以最低的单价，为客户提供最可靠的产品，降低现场故障退货率，最大限度地延长产品生命周期并消除废料。这就是客户选择珮泰科技，用新一代敷形涂料替代传统敷形涂料（液体基涂料、聚对二甲苯（派瑞林））的原因。

我们的专利技术保证产品拥有无与伦比的性能。同时，我们时刻待命，希望您了解您对技术性能和商业的具体要求。真诚地期待您的消息。

# Surfachem

 [www.surfachem.com](http://www.surfachem.com)

Surfachem, as part of the 2M Group of Companies is a global surfactant and specialty chemical distributor supplying a wide range of specialty ingredients for manufacturers of all sizes across a range of markets, particularly in cosmetics and personal care. Our approach is to act as a synergistic link between our suppliers and customers to deliver on our core motto of “chemistry for a better life™”.

Since our founding in 1981, Surfachem has developed into a leading distributor by constantly working with our suppliers to develop an extensive ingredient portfolio with a global reach, we also develop extensive technical knowledge of the ingredients we offer. Additionally, Surfachem constantly scan the global market to identify latest and upcoming trends in our core sectors, this means we can help finished product manufacturers of all sizes to plan and develop new products to cater for consumer trends.

Surfachem have development labs based in the UK and across Europe where new formulations and concepts are developed using our suppliers' raw materials. Our technical development team have a great depth of experience and have solved thousands of problems for our customers. We can also help a manufacturer take a new development from idea stage right through to launch of the finished product using our experience of working in manufacturing.

Our internal technical team are constantly following local and global regulation to ensure that our ingredients are always compliant within market we are supplying to. We also prepare focus presentations, to ensure our customers are up to date on every new development, whether regulatory or how the market trends are developing.

We are more than a distributor – Whether you are looking for that next great idea, seeking help with regulatory issues or looking to improve your product performance, Surfachem can help.

2M Group of Companies成员公司Surfachem是表面活性剂和特种化学品全球分销商，为活跃在各个市场，尤其是化妆品和个人护理市场的各规模制造商，提供品类多样的特种成分。我们是连接供应商和客户的协同纽带，在此过程中努力践行我们的核心理念：“化学让生活更美好™（chemistry for a better life™）”。

自1981年成立以来，Surfachem不断与供应商合作，开发了具有全球影响力的各种成分组合，并借此成为了领先的分销商，同时还积累了广泛的、与所供应成分有关的技术知识。此外，Surfachem纵览全球市场，以期确定核心业务领域的最新和即将到来的趋势，这意味着我们有能力帮助大小成品制造商规划、开发新产品，满足消费者需求。

Surfachem在英国及欧洲其它国家均建有研发实验室，使用供应商的原材料研发新配方、新概念。我们的技术研发团队拥有丰富的经验，已为客户解决了数千个难题。凭借在制造领域积累的经验，我们还可以帮助制造商完成从创意阶段到成品发布的新品开发全流程。

我们的内部技术团队始终遵循当地和全球法规，确保成分符合相应市场的要求。通过“焦点呈现”，我们希望确保客户了解监管、市场等领域的所有最新态。

我们不止是分销商——Surfachem既可以帮助客户发现下一个绝妙创意，应对监管方面的挑战，还可以帮助提高产品性能。

 [www.thor.com](http://www.thor.com)

## About THOR:

THOR is a world-class bactericide and preservative supplier, which was founded in 1959, Magat City, UK. THOR has been focusing on the bactericide, antiseptic and disinfection industry for more than 60 years. Thor has a wide range of products and a wealth of patented technologies. We independently produce and synthesize CIT, MIT, BIT, OIT, DCOIT, IPBC, PTG, HXD and many other active substances, and developed many innovative preservative products. THOR is the world-leading manufacturer and supplier with 9 production sites and 14 technical service centers all over the world.

THOR China integrates produce, sales, R&D and service, provides a diversified portfolio of antiseptic, mildew, algae and antibacterial products for a wide range of industries, to ensure that customers' products are exempted from bacteria, fungi, virus pollution and erosion. The industries we serve include coatings, emulsions, adhesives, plastics, inks, water treatment, paper, personal care, daily chemicals and many other industries and fields. Since Zhenjiang plant was put into operation in 2015, THOR China's performance has grown rapidly. At present, it has extensive and long-term cooperation with many leading enterprises at home and abroad, and has won the trust and respect of customers in all walks of life with high-quality products and efficient professional services. The company aims to meet the growing needs and regulatory challenges of domestic and foreign customers with differentiated high-quality products, professional services and tailor-made technical formulas, and will continue to invest and innovate to lead the development of the industry with leading solutions, create value and grow together with customers!

## 关于托尔化学:

托尔化学是世界一流的杀菌剂、防腐剂供应商，于1959年在英国马加特市成立，专注杀菌、防腐、消毒行业60余年。我司自主生产、合成了CIT、MIT、BIT、OIT、DCOIT、IPBC、PTG、HXD等众多活性物质，并研发了许多创新型防腐产品，拥有种类广泛的产品和丰富的专利技术。托尔化学在全球建有9个生产基地和14个技术服务中心，是全球领先的特种化学品生产商和供应商。

托尔中国集生产，销售，研发和服务于一体，为众多行业提供杀菌防腐，防霉防藻和抗菌的多元化产品，保证客户的产品免受细菌、真菌和病毒污染与侵蚀。托尔服务的行业包括涂料、乳液、胶黏剂、塑料、油墨、水处理、造纸、个人护理、日化等。自2015年镇江工厂投产以来，托尔中国业绩成长迅速。目前，它已与国内外众多头部企业建立了广泛、长期的合作关系，且凭借高质量的产品和高效专业的服务，赢得了各行各业客户的信赖与尊重。公司旨在以差异化的高质量产品，专业的服务和量身定制的技术配方，满足国内外客户日益增长的需求，帮助他们应对监管挑战，并将持续投入，不断创新，以领先的解决方案引领行业发展，与客户一起创造价值、共同成长！

# Winn & Coales (Denso) Ltd

 [www.densochina.net](http://www.densochina.net)

Winn & Coales (Denso) Ltd specialise in the manufacture and supply of corrosion prevention and sealing products. Over the last 90 years, Denso have been creating bespoke and off-the-shelf solutions that provide enduring protection against corrosion and chemical attack to buried and exposed pipes, valves, fittings, steelwork, marine structures, tanks, and concrete banded areas.

With parent company Winn & Coales International, currently owning seven subsidiaries worldwide (five of them manufacturing), the company is able to draw upon a wealth of experience in producing its well-known quality brands such as Denso™, Archco™, Protal™, Premier Shrink Sleeves™, Steelcoat™, SeaShield™ and Viscotaq™ to deal with corrosion and sealing problems in many difficult environments.

The product range includes; hand and machine applied tape wrap systems, visco-elastic coatings, liquid epoxy coatings, chemical and corrosion resistant tank linings and coatings, heat shrink sleeves, abrasion resistant outerwraps and corrosion control for jetty piles and marine structures. For 90 years Denso have been a world leader in providing innovative and permanent corrosion prevention solutions over hand tool cleaned steel surfaces, whilst reducing applied coating costs and meeting the most stringent health & safety requirements.

The company's products are manufactured in the United Kingdom under BS EN ISO 9001:2015 (quality management standard) and BS EN ISO 14001:2015 (environmental standard). From sub-zero environments to extreme high temperatures, their range of products can withstand the toughest conditions, as well as proving to be cost-effective and maintenance free for many years to come. product performance, Surfachem can help.

Winn & Coales (Denso) Ltd致力于生产、供应防腐和密封产品。在过去的90年里，Winn & Coales (Denso) Ltd一直在研发定制、现成解决方案，旨在为埋地和外露管道、阀门、配件、钢制品、海事建筑物、储罐和混凝土堤岸区域提供持久的防腐和防化学侵蚀保护。

母公司Winn & Coales International目前在全球拥有七家子公司（其中五家为制造业企业）。Winn & Coales (Denso) Ltd打造了多个知名优质品牌，包括Denso™、Archco™、Protal™、Premier Shrink Sleeves™、Steelcoat™、SeaShield™和Viscotaq™，在生产相关产品的过程中积累了丰富的经验，因此有能力应对许多困难环境中与腐蚀、密封有关的挑战。

产品范围包括：手工和机器应用的胶带缠绕系统、粘弹性涂层、液体环氧树脂涂层、耐化学腐蚀储罐内衬和涂层、热收缩套管、防磨外包装以及码头桩和海事建筑物的防腐控制。90年来，Winn & Coales (Denso) Ltd在为利用手工工具清洁钢表面这一应用场景提供防腐解决方案，同时降低涂装成本，并满足最严格的健康和安全要求方面，始终保持着全球领先地位。

公司产品在英国制造，符合BS EN ISO 9001:2015（质量管理标准）、BS EN ISO 14001:2015（环境标准）要求。从零下环境到极端高温，公司产品能经受住最严酷的条件考验，同时也证明了其具有成本效益，且可以多年免维护。

# EASL

 <http://easl-stress.co.uk/>

EASL is a leading engineering consultancy specialising in cost-effective and highly efficient solutions for structural integrity assessment challenges.

As experts in structural integrity design, analysis, and evaluation, we deliver solutions and innovative approaches that alleviate our clients' pressures and concerns in this critical field. EASL's philosophy is to treat each client's challenge as our own and remain fully committed to providing the most effective solutions.

EASL brings together more than 250 years of combined structural integrity expertise. Our professional team ranges from graduate engineers to PhD specialists and industry-recognized senior experts. We have successfully partnered with clients across a broad range of engineering sectors, consistently delivering trusted and reliable specialist services.

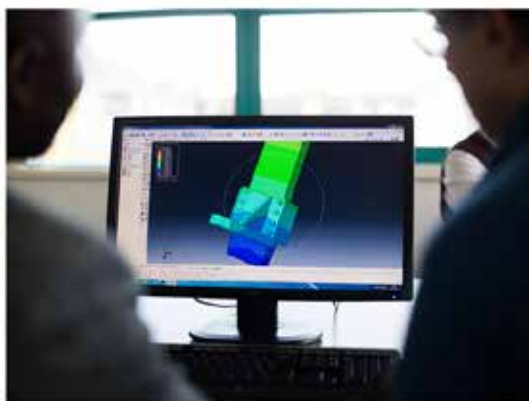

EASL has advised the designers of a major nuclear power plant in China, supporting them in meeting the expectations related to Step 4 of the UK Office for Nuclear Regulation's Generic Design Assessment. Our support covers structural integrity classification, fracture toughness testing, and defect tolerance assessment, forming part of a broader cross-cutting structural integrity program. These activities are essential for demonstrating the structural integrity of reactor pressure boundary components—areas that are not always explicitly addressed in conventional design codes.

EASL是一个高级工程咨询公司，专长于提供为解决结构完整性评估问题的低成本高效益的解决方案。

作为结构完整性设计、分析和评估方面的专家，我们的解决方案和革新性理念将为客户解除在结构完整性方面的压力和担忧。EASL的理念在于视客户的问题为己有并致力于提供解决问题的最佳方案。

在结构完整性方面，EASL积累了超过250年的共享人力资源；我们专业化的团队覆盖了从基于大本到博士毕业的工程师，到工业界专业领军专家的整个范围，我们成功地与客户在广阔的工程领域进行合作并提供了可以信赖的专家服务。

EASL 已建议中国一家主要核电站设计人员帮助他们满足与英国监管机构通用设计验收流程第 4 步相关的期望。EASL 为结构完整性分类、断裂韧性测试和缺陷容限评估提供支持和建议，作为更普遍的跨领域结构完整性主题的一部分。这些是展示典型设计规范中不一定明确涵盖的反应堆压力边界组件的结构完整性的重要方面。

# H2 Compliance

🌐 [info@h2compliance.com](mailto:info@h2compliance.com)

H2 Compliance, a division of the Landbell Group, is a global leader in chemical and environmental compliance. With offices across Europe and North America, we provide tailored solutions that help businesses navigate complex regulations, promote circular economy principles, and achieve sustainable operations. Our team of experts delivers pragmatic guidance, leveraging our global network and in-depth local knowledge to ensure seamless compliance and enable our clients to focus on their core business.

H2 Compliance specializes in navigating the complex landscape of global chemical and environmental regulations through a deep understanding of and expertise in:

- **Key Regulations:** MEE Order 12, SAWs Order 53, REACH, RoHS, CLP, GHS, Biocides, and other relevant legislation.
- **Industries:** We serve a wide range of industries, including chemicals, pharmaceuticals, electronics, automotive, cosmetics, and consumer goods. **Comprehensive Services:** Our services encompass: **Regulatory Assessments:** Gap analysis, risk assessments, and compliance audits.
- **Registration and Notification:** Support for REACH registrations, SCIP notifications, and other regulatory filings.
- **Product Stewardship:** Guidance on product design, labeling, and safety data sheets.
- **Training & Awareness:** Customized training programs for employees on relevant regulations. **Software Solutions:** Access to cutting-edge software tools for compliance management and data tracking.

Contact [info@h2compliance.com](mailto:info@h2compliance.com) to find out how H2 Compliance can support your business.

H2 Compliance (隶属Landbell集团) 是化学品与环境合规领域的全球领导者。我们在欧洲和北美设有办事处，为企业提供定制化解决方案，助力客户应对复杂法规、推行循环经济原则并实现可持续运营。凭借全球网络与深厚的本地化知识，我们的专家团队提供务实指导，确保合规流程无缝衔接，让客户能专注于核心业务发展。

H2 Compliance专注于通过深入的理解及专业能力驾驭全球化学品与环境法规，核心优势涵盖：

- **核心法规：**中国《新化学物质环境管理登记办法》（生态环境部令第12号）、《危险化学品登记管理办法》（第53号）、欧盟REACH法规、欧盟RoHS标准、CLP法规、《全球化学品统一分类和标签制度》、欧盟生物杀灭剂法规等。
- **行业覆盖：**化学品、制药、电子、汽车、化妆品及消费品等多领域。我们的全流程服务包括：合规评估：差距分析、风险评估以及合规审计。
- **注册及申报：**支持欧盟REACH注册、SCIP通报及其他法规备案。
- **产品监管：**产品设计、标签、化学品安全技术说明书指导。
- **培训赋能：**为雇员提供定制化相关法规培训课程。软件解决方案：提供合规管理与数据追踪的尖端软件工具。

欢迎联系 [info@h2compliance.com](mailto:info@h2compliance.com)，了解H2 Compliance如何为您的业务赋能。

# iFormulate Ltd

 <https://iformulate.biz/>

iFormulate Ltd was founded in 2012 to provide consultancy and customised R&D and innovation services to companies working in the field of Formulation Science and Technology. We offer consultancy, idea generation and development, assistance with formulation development, problem-solving, commercialisation, market and business development and training.

With our extensive range of contacts inside large and small companies in all formulating sectors, and a comprehensive network of academics and consultants, we provide our clients with tailor-made solutions. Guided by your needs, we don't offer standard solutions but instead, we give you exactly what you want. Here are some examples of what we can do for you:

- Problem-solving and troubleshooting for your formulations –in the lab or in production.
  - Advice on experimental programmes and methods in support of your new formulation developments.
  - Generation and development of ideas for your in-house development programmes.
  - Consultancy and advice on both technical and commercial topics in the area of formulation.
  - Technology Scouting: Helping you find new formulation technologies and making connections.
- Assistance with commercialisation of new technologies or new applications of existing technologies.
  - Business and market development.
  - Tailor-made Open Innovation Workshops.
  - Bespoke in-house or online training as well as open training courses.
  - Technical and market information updates.
  - Technical and Open Innovation seminars in the field of formulation.
  - Strategic foresighting in the business and technology of formulation.

Successful exploitation of formulation science and technology is vital to adding value in numerous industries including Pharmaceuticals, Food, Personal Care, Detergents & Cleaners, Inks, Coatings, Agrochemicals, Biocides and Foods. Formulated products can be complex, so we aim to demystify formulations and formulation technology. We simplify challenges in formulation and by working across all these industries we can spot opportunities to transfer ideas, technologies and solutions from one industry to another to help companies meet challenges and solve problems.

iFormulate Ltd成立于2012年，致力于为配方科技领域的公司提供咨询、定制研发和创新服务。我们的业务范围涵盖咨询、创意生成与发展、配方开发援助、问题解决、商业化、市场与业务发展及培训。

在所有配方细分领域，我们与各规模大小的公司建立了广泛的内部联系。除此之外，我们还构建了全面的学者和顾问网络。由此，我们得以为客户提供量身定制的解决方案。我们不提供标准的解决方案，而是以客户需求为导向，制定完全符合客户需要的方案。我们可以提供以下服务：

- 在实验或生产阶段，帮助客户解决配方相关问题，排除故障。
- 提供有关实验计划和方法的建议，支持新配方开发。
- 为客户公司内部开发计划提供创意，并推动创意发展。
- 提供配方相关技术、商业咨询和建议服务。
- 技术考察：帮助客户寻找配方创新技术，创造对接机会。
- 协助客户完成新技术商业化，或利用现有技术实现新应用。
- 业务与市场开发。

- 定制内部或在线培训，以及开放式培训课程。
- 提供技术、市场最新前沿信息。
- 举办配方相关技术和开放创新研讨会。
- 提供与配方业务和技术相关的战略远见。
- 配方科技的成功发展对推动制药、食品、个人护理、洗涤剂 and 清洁剂、油墨、涂料、农用化学品、生物杀灭剂等行业实现增值至关重要。配方产品可能很复杂，因此我们的目标是揭开配方和配方技术的神秘面纱。我们让配方领域的挑战不再“骇人听闻”。通过与其他行业合作，我们得以发现实现创意、技术和解决方案跨行业转移的机会，从而帮助客户应对挑战、解决问题。

# Royal Society of Chemistry

 [www.rsc.org](http://www.rsc.org)

## Royal Society of Chemistry

The Royal Society of Chemistry is an international organisation connecting chemical scientists with each other, with other scientists, and with society as a whole. Founded in 1841 and based in London, UK, we have an international membership of over 54,000. Known for rigorous, fair peer review and fast publication times, the Royal Society of Chemistry publishes over 50 peer-reviewed journals, around 2,000 book titles and a collection of online databases and literature updating services. Our international publishing portfolio covers the core chemical sciences including related fields such as biology, biophysics, energy and environment, engineering, materials, medicine and physics. As a not-for-profit publisher, we reinvest surplus funds back into the global scientific community, supporting our mission to advance excellence in the chemical sciences. We develop, recognise, and celebrate professional capabilities, and we bring people together to spark new ideas and new partnerships. We support teachers to inspire future generations of scientists, and we speak up to influence the people making decisions that affect us all. We are a catalyst for the chemistry that enriches our world.

## 英国皇家化学会

英国皇家化学会（RSC）是连接化学家、化学家与其他领域科学家，以及化学家与社会的国际组织。成立于1841年，总部位于英国伦敦，我们在全球拥有超过5.4万名会员。RSC出版有50余种同行评审期刊、约2,000种图书，以严谨、公正的同行评审，以及迅捷的出版速度闻名于世，并提供一系列在线数据库和文献更新服务。我们的国际出版物涉及与生物学、生物物理学、能源与环境、工程学、材料学、医学和物理学等相关的核心化学科学领域。RSC作为非营利性出版机构，业务盈余均用于支持国际科学界发展，推动化学科学进步。我们培养、认证、表彰专业能力，将人才聚集在一起，激发新创意，建立新的合作关系。我们为教师提供支持，激励未来科学家；我们不断发声，在决策制定者制定将影响所有人的决定时，为他们带去影响。化学让世界更丰富，而我们则是化学的催化剂。

# SampleRite

🌐 <https://samplrite.cn/>

Headquartered in the UK, SampleRite was established in 1994 to meet the growing demand for professional sample services in the chemical industry. Sample management has long been a cumbersome and difficult task for chemical manufacturers to juggle. We work with a number of leading chemical manufacturers and distributors to provide a one-stop sample management services, from sample preparation and dispatch to data analysis and customized marketing plans. We provide global sample management services, delivering samples around the world in a matter of days.

SampleRite Qingdao was established in 2011 to meet the sample management service needs of global chemical producers and users centered in Asia.

Legal compliance of all aspects in sample management is the basic principle of our business, we develop service plans in accordance with domestic and international laws and regulations and transport regulations, and safe packaging and transport solutions are the core of our service. While ensuring the safety of the goods, we choose the fastest and most efficient transport solutions to ensure that our customers receive their samples in the fastest possible time. In order to meet the sample management needs of different customers, we provide a variety of sample management customized services, applicable to large chemical enterprises on-site service mode; applicable to customers who have difficulty in delivering samples, door-to-door sampling, pick-up, packaging and shipping services.

SampleRite is your partner provider of legal, safe, fast, and efficient sample management service.

桑普瑞特总部位于英国，成立于1994年，旨在满足化工行业对专业样品服务日益增长的需求。长期以来，样品管理对于化工产品制造商而言，一直是一项繁琐且难以兼顾的工作。我们与大量的领先化工产品制造商和分销商合作，提供包含从样品准备、发运，到数据分析及营销计划定制等在内的一站式样品管理服务。服务范围覆盖全球，样品可在几日内送达世界各地。

2011年，桑普瑞特样品管理（青岛）有限公司成立，致力于以亚洲为中心，满足全球化工产品生产商、用户的样品管理服务需求。

全流程合规是我们的基本业务原则——我们依据国内外法律法规及运输规定制定服务方案。安全的包装及运输方案是我们的服务核心。在确保货物安全的情况下，我们选择最快捷、最高效的运输方案，确保客户在最短的时间内收到样品。为满足不同客户的样品管理需求，我们提供多种样品管理定制服务，包括适用于大型化工企业的驻场服务模式，以及适用于送样困难客户的上门取样、提货、包装及发运服务等。桑普瑞特，您身边的合规、安全、快捷、高效的样品管理服务商。

# Sun International Recycling Group Ltd

 [www.sunirg.com](http://www.sunirg.com)

Founded in 2004, Sun International Recycling Group (SIRG) is an international group company providing integrated solutions of closed-loop utilization of recycled plastics, including collection, disassembly, sorting, purification, modification and granulation of waste electrical and electronic equipment (WEEE) plastics and waste packaging plastics. Its UK company is a standing member of ICER and a waste packaging plastic treatment plant certified by the UK Environment Agency. Its North American company is a waste treatment enterprise that implements both R2 and e-Stewards Standards.

After more than a decade of development, SIRG's environmental protection and recycling concepts, professional compliance audit systems, stable logistics and transportation services, and high-quality recycled pellet supply have been recognized and affirmed by governments and commercial organizations around the world. SIRG's recycling base in Corby of UK covers an area of 40,000 square meters. It has the largest sorting and disposal facilities for WEEE plastics and waste packaging plastics in Europe, with an annual output of 80,000 tons of recycled plastics. It specializes in the treatment of waste household appliances, waste automobiles and waste packaging plastics in Europe. Through intelligent sorting solutions such as crushing, density-based medium sorting, electrostatic sorting and optical sorting, ABS/PS/PP/PE plastics are recycled and modified according to the needs of end users to produce high-performance recycled plastics. It supports Dell, HP, Hisense and other customers to produce electronic and electrical products that meet the requirements of high-end customers for extended producer responsibility.

SIRG's disposal base in Guangdong South China Recycled Plastics Park of China has an annual output of 120,000 tons of recycled plastics. With SIRG's domestic waste plastic recycling network, it collects ABS/PS/PP/PE waste plastics separated from household garbage. With the full-automatic

production equipment designed and manufactured by an equipment manufacturing subsidiary, it conducts systematic precise sorting, impurity removal and sterilization that meet national standards of industrial application, and provides sufficient recycled raw materials for the daily chemical industry, home appliance industry and automobile industry.

SIRG's European Technology and Equipment R&D Center, together with world-class academic institutions and intelligent manufacturing enterprises such as the UK Royal Academy of Engineering, School of Engineering of University of Birmingham and ABB Group, has developed an AI sorting system for environmental protection and recycling. It provides intelligent robot alternative solutions to hazardous waste dismantling of WEEE and dismantling of automobile engines, helping the intelligentization of environmental protection and recycling industries. The equipment manufacturing subsidiary in China provides equipment manufacturing technical support for SIRG's recycling solutions. It specializes in design, integration and application of the most efficient equipment technologies at home and abroad. It develops the sorting equipment system of scrap metal and waste plastics, and integrates intelligent control systems according to customer needs. It also assists in the successful operation of international projects such as the UK Film Sorting Project, Sweden Small Household Appliance Sorting Project, Italy Electronics Sorting Project, Japan Scrap Steel Sorting Project and Dubai Waste Plastic Recycling Project. With equipment technology and material application technology as the core, SIRG integrates the international recycling network and China's recycling manufacturing experience, provides technical solutions for the whole industrial chain for global environmental protection and recycling enterprises, and makes greater contributions to the global environmental protection industry and environmental health protection.

信基国际环保集团创立于2004年，是专注电子电器废塑料和包装类废塑料的收集分拆，分选提纯并且改性造粒的再生塑料闭环利用整体解决方案的国际化集团企业。信基集团的英国公司是ICER协会的常务会员，英国环保署认证的包装类废塑料处理工厂；集团的北美公司是同时执行R2和E-stewards审计标准的中国环保处理企业。

经过十多年的市场磨砺，信基环保集团的环保再生理念及专业的合规审计系统，稳定的物流运输服务，优质的再生颗粒供应，得到全球各国政府和商业组织的认可和肯定。集团位于英国科比的欧洲再生处理基地占地4万平方，拥有全欧洲产能最大的电子电器废塑料和包装类废塑料的分选处理设施，年产8万吨再生塑料，主要处理欧洲废家电，废汽车和废包装物塑料。通过破碎，密度介质分选，静电分选，光学分选等智能分选方案，再生利用ABS/PS/PP/PE等塑料，并根据终端用户的需求进行改性，生产高性能的再生塑料。供应戴尔，惠普，海信等客户生产电子电器产品，满足高端客户的生产者产品延伸责任要求。

集团的中国处理基地位于广东华南再生塑料园区，拥有年产12万吨再生塑料的产能，利用集团的国内废塑料回收网络收集生活垃圾分选后的ABS/PS/PP/PE废塑料，运用集团装备公司设计制造的全自动生产设备进行系统化精分选，除杂灭菌，达到产业应用的国标要求，为日化行业，家电行业，汽车行业提供充足的再生原料。

信基环保集团的欧洲技术装备研发中心联合英国皇家工程院院士，英国伯明翰大学工程学院，ABB集团等世界一流的学术机构和智能制造企业研发环保回收人工智能分选系统。针对废电子电器的危废拆解，汽车发动机拆解提供智能机器人替代方案，助力环保回收产业智能化；信基旗下的中国设备制造公司，为集团的回收解决方案提供装备制造技术支持，专业设计，整合，应用国内外最高效的设备技术，制造废金属，废塑料的分选设备系统，并根据客户需求整合智能化控制统，协助集团的英国薄膜分选项目，瑞典小家电分选项目，意大利电子电器分选项目，日本废钢分选项目，迪拜废塑料回收项目等一系列的国际项目成功落地运行。信基国际环保集团以装备技术，材料应用技术为核心整合国际回收网络和中国的循环再生制造经验，为全球环保回收企业提供全产业链的技术解决方案，为全球环保产业和环境健康事业砥砺前行。

# Yordas

 [www.yordasgroup.com](http://www.yordasgroup.com)

## Yordas Group: Business Focus and Services Introduction

Yordas Group is a leading provider of regulatory and scientific consultancy services worldwide. Originally established in 2007 to support the chemical industry to meet regulatory requirements on industrial chemicals, we have since developed a wide range of services with a global client base across a variety of industries.

Yordas Group is pleased to serve markets around the world with offices in the UK, Germany, Canada, Turkey and Japan. We also have partnerships in place that allow us to provide and deliver our services around the world. We work closely with government agencies (e.g., EU ECHA and UK HSE) and industrial associations (e.g., AIAG and HCPA in the US and IAEG internationally) advising on regulatory change and delivering scientific research.

Our in-house teams of regulatory and sustainability experts, chemists, toxicologists and data scientists provide comprehensive solutions for companies seeking regulatory and sustainability support in their targeted market (e.g., the UK; EU; Turkey, North America and Asia Pacific). Yordas offer consultancy services, regulatory monitoring services, software solutions and training covering the following regulations:

1. Global Industrial Chemical Regulations: EU, UK and Korea REACH; Turkey KKDİK; US-TSCA, Canada CEPA; Japan CSCL and ISHL, global GHS regulation (SDS authoring, labelling and packaging);
2. Sustainability and Product Regulations: EU Poison Centre Notifications; SCIP Database & Notifications;
3. Biocidal, anti-microbial and pesticide regulations: EU, UK, Canada and Korean BPR; US FIFRA;
4. Other global regulations.

## Yordas Group: 业务重点及服务介绍

Yordas Group是全球领先的监管、科学咨询服务供应商。成立于2007年，Yordas致力于支持化工行业满足对工业化学品的监管要求。自成立以来，我们与全球各行业客户携手开发了广泛的服务。

Yordas Group在英国、德国、加拿大、土耳其和日本设有办事处，为各地市场竭诚提供服务。在各方合作伙伴的支持下，我们得以服务全球客户。我们与欧洲化学品管理局（ECHA）、英国健康与安全执行局（HSE）等政府机构，以及美国汽车工业行动集团（AIAG）、美国家用和商业产品协会（HCPA）、国际工程地质与环境协会（IAEG）等行业协会密切合作，就监管变更提供建议，展开科学研究。

我们拥有由监管和可持续领域的专家、化学家、毒理学家和数据科学家组成的内部团队，为希望在其目标市场（如英国、欧盟、土耳其、北美和亚太地区）寻求监管和可持续发展支持的公司，提供全面的解决方案。Yordas提供咨询服务、监管监测服务、软件解决方案和培训，涵盖以下法规：

1、全球工业化学品法规：欧盟《关于化学品注册、评估、许可和限制的法规》（EU REACH）、英国《关于化学品注册、评估、授权和限制的法规》（UK REACH）、韩国《化学品注册与评估法案》（K-REACH）；土耳其《化学品注册、评估、授权和限制法规》（KKDIK）；美国《有毒物质控制法案》（TSCA）、加拿大《环境保护法》（CEPA）；日本《化学物质审查及制造管理法》（CSCL）和《工业安全与健康法》（ISHL）、全球化学品统一分类和标签制度法规（化学品安全技术说明书（SDS）编写、标签和包装）；

2、可持续性和产品法规：欧盟毒物中心通报；SCIP数据库和通报；

3、生物杀灭剂、抗微生物药物和农药法规：欧盟《生物杀灭剂产品法规》（EU BPR）、英国《生物杀灭剂产品法规》（GB BPR）、加拿大《生物杀灭剂产品法规（Canada BPR）》、韩国《消费化学品及生物杀灭剂安全法》（K-BPR）；美国《联邦杀虫剂、杀真菌剂和灭鼠剂法案》（FIFRA）；

4、其它全球法规。

# INEOS Acetyls Asia

 <https://www.ineos.com/businesses/ineos-acetyls/>

INEOS Acetyls Asia provides Acetic Acid, its derivatives and commercial services across the region. It is one of the largest acetic acid suppliers in Asia, with a strong reputation in the industry for following world-class standards of production and customer management.

Located in Mainland China (Chongqing and Nanjing), China Taiwan, Malaysia and South Korea. We operate our production and commercial business on the principle of 'no accidents, no harm to people and no damage to the environment'.

Yangtze River Acetyls Company Limited (Yaraco) is a large-scale natural gas-based modernized chemical enterprise jointly invested by INEOS Acetyls Investments Limited (INEOS), Sinopec Chongqing SVW Chemical Company Limited (SVW) and Chongqing Energy Investment Group Company Limited (CEIG) with over 3.8 billion RMB total investment. The company was established on 22nd December 1995 and was put into production on 28th November 1998. After four phases' construction and development, the annual capacity of Acetic Acid, Ester and Hydrogen is 500kt, 100kt and 620 million cubic meters respectively.

Formosa INEOS Chemicals Corporation (FICC) is a chemical enterprise jointly invested by INEOS Acetyls International Limited (INEOS) and Formosa Chemicals and Fibre Corporation (FCFC) with over 2.5 billion NT\$ total capital. The company was established on 15<sup>th</sup> October 2002 and was put into production in 2005. The annual capacity of Acetic Acid is 360kt.

INEOS YPC Acetyls Company (Nanjing) Limited (IYC) is a large-scale natural gas-based modernized chemical enterprise jointly invested by INEOS Acetyls Investments Limited (INEOS) and SINOPEC Yangzi Petrochemical Company Limited (YPC) with over 1.391 billion RMB total investment. The company was established on 15<sup>th</sup> March 2005 and was put into commercial production in 2010. The annual capacity of Acetic Acid is 550kt.

亚洲英力士乙酰主营醋酸和其下游衍生物，并提供配套商务服务。亚洲英力士乙酰是亚洲最大的醋酸供应商之一，因遵循世界级的生产和客户管理标准而在行业内享有盛誉。

亚洲英力士乙酰的工厂主要位于中国大陆（重庆和南京）、中国台湾、马来西亚和韩国。我们以“不发生任何事故、不伤害任何人、不破坏环境”为原则，开展生产和经营活动。

扬子江乙酰化工有限公司（YARACO）是英力士乙酰投资有限公司（INEOS）、中国石化集团重庆川维化工有限公司（SVW）和重庆市能源投资集团有限公司（CEIG）合资成立的大型天然气化工企业，总投资额逾38亿元。公司成立于1995年12月22日，于1998年11月28日建成投产。经过四期建设和发展，产品产能为醋酸50万吨/年，醋酸酯10万吨/年，氢气6.2亿立方/年。

台湾醋酸化学股份有限公司（FICC）是由英力士乙酰国际有限公司（INEOS）和台湾化学纤维股份有限公司（FCFC）创建的合资化工企业，总资本额逾25亿新台币。公司成立于2002年10月15日，于2005年建成投产。产品产能为醋酸36万吨/年。

南京扬子石化英力士乙酰有限责任公司（IYC）是英力士乙酰投资有限公司（INEOS）和中国石化扬子石油化工有限公司（YPC）合资成立的大型天然气化工企业，总投资额逾13.91亿元。公司成立于2005年3月15日，于2010年建成投产。产品产能为醋酸55万吨/年。

南京扬子石化英力士乙酰有限责任公司(IYC)

# INEOS O&P

 <https://www.ineos.com>

INEOS Group is a global manufacturer of petrochemicals, speciality chemicals and oil products. Our scope of operations has diversified with the launch of INEOS Automotive and INEOS Hygienics, acquisition of our professional sports portfolio including football, cycling, Formula1 and running teams. INEOS comprises of 29 individual businesses, we operate 154 facilities in 27 countries around the world. INEOS products make a significant contribution to saving life, improving health and enhancing standards of living for people around the world. Our businesses produce the raw materials that are essential in the manufacture of a wide variety of goods. INEOS takes a practical, science-based approach to sustainability, focusing on engineering solutions to reduce emissions without compromising industrial performance. We make the essential products society depends on, and invest in new technology, carbon capture and storage and advanced recycling, to make progress toward a lower-carbon, circular economy.

INEOS O&P Asia is the newest INEOS business and is rapidly evolving. The business is made up of INEOS' JV involvement in SECCO.

Including PP, PE, ethylene, propylene, styrene, polystyrene, acrylonitrile, butadiene, benzene and toluene.

英力士集团是一家全球性的石油化工、特种化学品与油品生产商。随着“英力士汽车”与“英力士卫生保健”的推出，以及对涵盖足球、自行车、一级方程式（F1）和跑步团队在内的职业体育资产组合的收购，我们的业务版图持续多元化的发展。英力士旗下拥有29个独立业务板块，在全球27个国家拥有154家生产基地。英力士的产品在挽救生命、改善健康、提升生活品质方面做出重要贡献。我们生产众多商品制造过程中不可或缺的原材料。英力士坚持务实、以科学为基础的可持续发展路径，专注于通过工程化解决方案在不降低工业性能的前提下减少排放。我们社会赖以运转的关键产品，并持续投资新技术、碳捕集与封存以及先进回收，在稳步推动向低碳、循环经济方向迈进。

英力士烯烃及聚合物亚洲是英力士集团新成立的业务板块，正处于迅速发展中。英力士烯烃及聚合物亚洲旗下主要包括合资公司上海赛科。

包括聚丙烯，聚乙烯，乙烯、丙烯、苯乙烯、聚苯乙烯、丙烯腈、丁二烯、苯和甲苯产品。

# Crest Pumps Ltd

 <https://www.crestpumps.co.uk/>

Crest Pumps specialise in the manufacture and supply of chemical resistant pumps for all process industries. As a British manufacturer Crest can build you the ideal pump to match your application and tailor to your requirements, offering you the best solution for reliability and longevity.

We offer a vast range including our in house manufactured mechanical sealed pumps, to our magnetic drive pumps which includes our brand-new Ultra efficiency mag drive pump, one of the first plastic mag drive pumps to meet the highest European pump efficiency standards on the market.

We recently celebrated our 50th anniversary, and during that time, central to Crest's focus has been to be the most trusted company for chemical pumps, which is why when using a Crest Pump, you'll receive lifetime support from a family run business who truly care.

Crest Pumps致力于各加工行业生产、供应耐化学腐蚀泵。总部位于英国，Crest可以根据客户要求，制造符合客户应用需求的泵，为客户提供可靠、耐用的最佳解决方案。

我们提供多样化的产品，包括内部制造的机械密封泵和磁力驱动泵。其中，全新推出的超高效磁力驱动泵是市场上首批满足欧洲泵效率最高标准的塑料磁力驱动泵之一。

我们近期迎来了公司成立五十周年纪念日。在过去的五十年里，Crest始终以“成为最值得信赖的化工泵企业”为核心目标。因此，作为一家真正关心客户的家族企业，Crest Pump将为用户提供终身支持。

# Crowcon Detection Instruments Ltd.

 [www.crowcon.com.cn](http://www.crowcon.com.cn)

## DETECTING GAS.SAVING LIVES.

At Crowcon, we work tirelessly across the globe to protect people and the environment from gas hazards by providing both single and multi gas monitors, enabling personal and larger-scale monitoring.

Crowcon Detection Instruments Ltd. was established in 1970. It specializes in the research and development, production and manufacture of gas detection instruments and systems, and focuses on the fields of gas safety, air quality and gas process control. In 2002, Crowcon set up a wholly owned subsidiary in Beijing which integrates research and development, production and sales and provide complete technical support and after-sales service.

Crowcon's products cover gas detection equipment and systems for combustible gases, toxic and harmful gases, odor gas and volatile gases (VOCs), which are widely used in environmental protection, new energy, oil and gas, water treatment, chemical, electric power and ships and other industries.

At present, Crowcon has obtained ISO9001 quality management system certification, ISO14001 environmental management system certification and OHSAS18001 occupational health and safety management system certification. Its relevant products have obtained the product certification of ATEX, IECEx, EMC, SIL, UL, INMETRO, MED, CCS, CSA, and other international organizations, as well as the certification of CCEP, CCCF, CPA, PCEC and other related institutions in China.

Sustainability has always been at the core of our growth strategy, and it is driven by our mission – to detect gas, and save lives.

We pride ourselves on our commitment to driving growth in sustainable energy markets. From providing hydrogen detection within blended natural gas supplies, to safeguarding BESS sites, we are leading the way not only in gas detection technology, but in supporting the evolution of infrastructure of entire green energy value chains, for a safer and robust greener energy future.

## 探测气体，保护生命。

在Crowcon，我们致力于在全球范围内不懈努力，通过提供个人及工商业大规模气体监测解决方案——包括单一气体与复合气体检测仪，守护人类生命安全与自然环境免受气体危害。

科尔康成立于1970年，专业从事研发、生产和制造气体检测仪器和系统，专注于气体安全，空气质量和气体过程控制领域。2002年科尔康在北京成立了集研发、生产、销售为一体的全资子公司，致力于向行业用户提供完善的气体检测解决方案。公司产品主要包括可燃气体、有毒有害气体、恶臭异味和挥发性气体（VOCs）等的气体检测设备和系统，广泛服务于环保、新能源、石油天然气、化工、电力和船舶等行业。

目前，科尔康已取得ISO9001质量管理体系认证、ISO14001环境管理体系认证、OHSAS18001职业健康安全管理体系认证。生产的相关产品取得了ATEX、IECEX、EMC、SIL、UL、INMETRO、MED、CCS、CSA、CCEP、CCCF、CPA、PCEC等机构的认证。

可持续发展始终是我们增长战略的核心，这一理念源自我们的使命——探测气体，保护生命。

我们始终推动可持续能源市场发展为己任，并为此深感自豪。无论是检测混合天然气中的氢气含量，还是保障电池储能系统（BESS）站点的安全，我们不仅在气体检测技术领域保持领先，更致力于为整个绿色能源价值链的基础设施升级提供支持，共同打造更安全、更稳健的绿色能源未来。

# Farapack Polymers

 <http://www.farapackpolymers.com/>

## Who are we:

- Farapack Polymers Ltd. was formed in 2004.  
We are based at the University of Sheffield.
- Farapack operates at the interface between academia and industry where we have access both to the University's state-of-the-art facilities and to its academic expertise in the short time frames often required by industry.
- Our services are highly flexible, and we routinely undertake projects from a few days to several months duration depending on a client's requirements.

## What we do:

- Polymer research and consultancy.
- Manufacturing
  - Polymer synthesis
  - Polymer processing and formulation
  - Polymer prototyping / manufacturing

## ● Analysis & Testing

- Mechanical Testing
- Chemical Analysis
- Surface Analysis and Microscopy
- Thermal and UV Stability
- Failure Analysis

## ● Project Management

- We have experience in managing and delivering multi-party collaborative UK, EU and overseas projects.

## Literature Reviews

We have, since our formation, worked with many different companies: from small local companies to large multinationals over a varied range of industrial sectors. Our services have assisted our industrial clients to scope and de-risk future in-house development projects, enabling them to save time and money during the initial development process.

## 简介:

- Farapack Polymers Ltd.成立于2004年。
- 我们的总部设在谢菲尔德大学。
- Farapack的业务横跨学术界、产业界，既可以使用谢菲尔德大学的先进设施，也可以根据产业要求，在短时间内获取相应学术资源。
- 我们提供高度灵活的服务。通常情况下，我们可以根据客户要求，承接周期从数天到数月的项目。

## 业务:

- 聚合物研究与咨询
- 制造
  - 聚合物合成
  - 聚合物加工与制备
  - 聚合物成型/制造

- 分析与测试
  - 机械测试
  - 化学分析
  - 表面分析与显微镜检查
  - 热稳定性与紫外线稳定性
  - 故障分析
- 项目管理
  - 我们曾管理、交付有英国、欧盟和其它国家参与的多方合作项目，积累了相关经验。

## 文献综述

自成立以来，我们与多个行业部门的小型本地企业、大型跨国公司均有过合作。我们可以帮助行业客户确定未来内部开发项目的范围，并降低风险，从而在开发初期节约时间、节省资本。

# Fraser Anti-Static Techniques Ltd

 [www.fraser-antistatic.com](http://www.fraser-antistatic.com)

## Fraser Anti-Static Techniques Ltd

Fraser Anti-Static Techniques Ltd was founded in 1991.

Our purpose is to develop and manufacture well engineered, competitively priced solutions to industrial static electricity problems.

Our products improve process quality and productivity for our customers, whilst eliminating static shocks to operators and the risk of explosions in hazardous areas.

Our staff are a mixture of engineers, scientists and technical sales and support personnel who bring with them knowledge and experience of a wide range of industrial applications.

We make two commitments:

1. To supply high performance and reliable products which our customers find cost-effective and easy to use.
2. To respond with enthusiasm and energy, as well as competence, to customer requirements.

Our head office is located in the South West of England and from here we supply electrostatic equipment to every industrial country in the world. Our customers include many of the world's leading manufacturing companies.

A network of experienced partners, as well as an office located in Fraser Shanghai allows us to provide specialist application knowledge and technical assistance to our customers worldwide.

Fraser also offers a range of ATEX and UL Certified equipment.

Static generators

## 上海孚蕊哲静电科技有限公司

孚蕊哲成立于1991年。

我们的目标是开发、提供设计精良，且价格具有竞争力的解决方案，以解决工业静电问题。

我们的产品可帮助客户提高过程质量和生产效率，同时保护操作人员避免受到静电冲击，消除危险区域的爆炸风险。

我们的团队成员包括工程师、科学家、技术销售和支持人员，他们在广泛的工业应用领域积累了丰富的知识和经验。

我们做出两项承诺：

- 1、提供高性能、可靠的产品，产品性价比高，使用方便。
- 2、提供专业及充满热情和活力的反馈，以满足客户的需求。

公司总部设立在英格兰西南部，我们从这里向全球各工业国家提供静电设备。我们的客户包括多家世界领先的制造公司。

我们拥有大量经验丰富的合作伙伴，并在上海设有办事处，可为全球客户提供专业的应用知识和技术支持。

孚蕊哲还提供一系列已获得ATEX和UL认证的产品。

# Meech

🌐 [www.meech.com](http://www.meech.com)

Established in 1907, Meech International is one of the world's leading manufacturers of static control, compressed air technology and web cleaning systems, both contact and non-contact.

The company has its headquarters in Oxfordshire (UK), with subsidiaries in the USA, Belgium and China, and offices in Hungary, India and Singapore. These offices are backed up by a distribution network and together operate in over 80 countries. Meech products are used in a vast range of industries including: Aerospace Automotive Beverage Converting Food Medical Packaging Pharmaceutical Plastics Printing.

Unchecked, static electricity can cause productivity, quality and safety problems throughout industry. Electrostatic attraction or repulsion generates dust contamination and product misbehaviour and an electrostatic discharge can shock operators, start fires and destroy electronic components.

Meech provides solutions to control static in virtually every production situation. The product range includes ionising bars, blowers, guns and nozzles, as well as ionising air curtains & measuring equipment.

密其国际成立于1907年，是世界领先的静电控制、压缩空气技术、接触式和非接触式卷材除尘系统制造商之一。

密其公司的总部设在英国牛津郡，在美国、比利时和中国设有子公司，同时在匈牙利、印度和新加坡设有办事处，而覆盖全球80多个国家的分销网络为它们提供支持。密其产品广泛应用于各种工业领域中，包括：航空航天、汽车工业、饮料、加工、食品、医药、包装、制药、塑料、印刷。

工业领域中，未经抑制的静电会影响生产效率和产品质量，还可能引起安全问题。静电吸附或静电排斥会使产品受到灰尘污染，造成产品故障，而静电放电可能使操作人员受到电击、引起火灾，或损坏设备的电子元器件。

密其公司提供几乎涵盖所有工业生产应用中静电控制的解决方案。密其公司的产品系列包括：静电消除棒、离子风机、离子枪和喷嘴，以及离子气幕、检验和测量设备。
